

MASTER SERIES PISTOL REST - RANSOM MASTER SERIES PISTOL REST

[Shooting Accessories](#) > [Shooting Rests](#) > [Shooting Rest Accessories](#)

RANSOM INTERNATIONAL MASTER SERIES PISTOL REST The original Master Series handgun shooting rest was designed in the late 60s for testing, pistols and ammunition for repeatability and accuracy. A machine rest is useless if not duplicatable by the end user. The Master Series Rest was designed to duplicate the human hand as closely as possible. It holds fires and recoils like the human wrist and hand does, in a coaxial motion. It is a precision, passive device that holds, fires, and recoils as nearly like the human hand as possible. It eliminates the human inconsistencies that ordinarily make handgun testing unreliable. It is the only machine rest to successfully accomplish the goal of precise, repeatable handgun accuracy testing. ,It has become an international standard for accuracy testing since 1968. Ransom Master Series rest includes mounting screws & related hardware. NOTE: THIS PRODUCT REQUIRES A GRIP INSERT.

MASTER SERIES PISTOL REST Safety Instructions

Introduction

Thank you for choosing the Ransom International Master Series Pistol Rest. This product is designed for precision handgun testing, ensuring repeatability and accuracy. To ensure your safety and the effective use of this product, please read the following safety instructions carefully.

General Safety Guidelines

- Always use the pistol rest in a controlled environment.
- Ensure that the area around the rest is clear of obstacles and bystanders.
- Always handle firearms safely and in accordance with local laws and regulations.
- Check the product for any signs of wear or damage before each use.
- Use only compatible firearms and accessories with the pistol rest.
- Keep the pistol rest out of reach of children and vulnerable individuals.

Specific Safety Precautions for Use

- **Grip Insert Requirement:** This product requires a grip insert for safe operation. Ensure that the correct grip insert is used.
- **Stability:** Always place the pistol rest on a stable, flat surface to prevent tipping or movement during use.
- **Firearm Handling:** Always treat the firearm as if it is loaded. Keep the muzzle pointed in a safe direction at all times.
- **Loading and Unloading:** Load and unload the firearm only when it is securely placed in the pistol rest.
- **Recoil Management:** Be aware of the recoil generated during testing. Ensure that no part of your body is in the path of the recoil.
- **Supervision:** If using the product with inexperienced users, ensure that they are supervised at all times.

Instructions for Installation and Usage

1. Installation:

- Unbox the Master Series Pistol Rest and check for all included components, including mounting screws and hardware.
- Select a stable, flat surface for installation.
- Secure the grip insert in place according to the manufacturer's guidelines.
- Attach any necessary mounting hardware as specified in the product manual.

2. Usage:

- Position the firearm securely in the grip insert.
- Ensure that the firearm is aimed at a safe target area.
- Follow local laws regarding shooting and testing firearms.
- After use, ensure that the firearm is unloaded and safely stored.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic and mechanical waste.
- Do not dispose of the product in regular household waste.
- Consider recycling options where available.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please consult the manufacturer's website or contact a local authorized dealer for assistance.

Thank you for prioritizing safety while using the Ransom International Master Series Pistol Rest. Enjoy your shooting experience responsibly!
