

308 AR ENHANCED BOLT ASSEMBLY - J P ENTERPRISES .308 ENHANCEDBOLT

[Rifle Parts](#) > [Bolt Parts](#) > [Bolts](#)

Complete bolt assembly is precision machined from an ultra-strong steel alloy to last up to 10 times longer than a standard carbon steel bolt, minimizing the risk of bolt failure during a critical engagement. SAE 9310 steel has a tough, ductile inner core highly resistant to stress fracturing, with a hard outer surface that resists galling and wear, to ensure a service life of up to 60,000 rounds. This is the same steel used in the transmission gears of Formula 1 race cars, so it's ideal for high-impact, high-heat applications like sustained full-auto fire. Meticulously machined radiuses on all 90-degree corners on the locking lugs help distribute impact force evenly and further reduce risk of premature wear and cracking. Fully supported extractor face and precise extractor engagement further ensure smooth, reliable cycling. Bolts are available individually, or in a completion group, which includes the bolt, firing pin, cam pin and firing pin retaining pin. Available in 308.

Attributes

- Name: [J P ENTERPRISES .308 ENHANCEDBOLT](#)
- Manufacturer: [J P ENTERPRISES](#)
- Product no.: 452000113
- Mfr. No.: JPEB-308
- Cartridge: 308 Winchester
- Finish: Black DLC
- Hand: Right
- Weapon type: AR .308
- Delivery weight: 0.068kg
- Shipping height: 13mm
- Shipping width: 99mm
- Shipping length: 180mm
- UPC: 812872020716

Item details

Made in USA

US export classification: 0A501.c

Safety Instruction Guide for the 308 AR Enhanced Bolt Assembly

Introduction

Thank you for choosing the 308 AR Enhanced Bolt Assembly by J P Enterprises. This guide provides essential safety instructions, usage guidelines, and important information to ensure safe operation and maintenance of your bolt assembly. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the product is used in accordance with all local laws and regulations.
- Always treat firearms and their components as if they are loaded.
- Keep the bolt assembly away from children and unauthorized users.
- Regularly inspect the bolt assembly for any signs of wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Potential Hazards:**

- Improper installation may lead to firearm malfunction.
- Using incompatible parts can cause failure during operation.
- Excessive wear may result in cracking or breaking of the bolt assembly.

- **To Avoid Hazards:**

- Verify compatibility with your firearm model before installation.
- Follow all installation instructions carefully.
- Do not exceed the recommended service life of 60,000 rounds.
- Use only recommended ammunition (308 Winchester) to avoid risks.

- **AgeSpecific Warnings:**

- This product is not intended for use by individuals under the age of 18.
- Ensure that inexperienced users are supervised by a qualified adult when handling firearms.

Instructions for Installation and Usage

- **Preparation:**

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools for installation.

- **Installation Steps:**

1. Remove the existing bolt assembly from the firearm.
2. Inspect the bolt carrier group for any debris or damage.
3. Insert the new 308 AR Enhanced Bolt Assembly into the bolt carrier group.
4. Ensure the bolt is fully seated and locked in place.
5. Reassemble the firearm according to the manufacturer's instructions.

- **Usage Guidelines:**

- Always perform a function check after installation.
- Use the firearm in a safe environment, adhering to all safety protocols.
- Monitor the bolt assembly for any unusual sounds or performance issues during operation.

Disposal Instructions

- Dispose of the bolt assembly in accordance with local regulations for hazardous materials.
- Do not dispose of the product in regular household waste.
- Contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the 308 AR Enhanced Bolt Assembly, please reach out to the manufacturer or your local authorized dealer. Ensure you have your product information available for reference.
