

C4 CARBON REMOVER - BORE TECH 16 OZ. C4 CARBON REMOVER

[Gun Cleaning & Chemicals](#) > [Solvents & Degreasers](#) > [Bore Solvents](#)

Sophisticated Solvents That Take The Chore Out Of Bore Cleaning

Technologically advanced, 100% biodegradable formula is environmentally safe, yet strong enough to remove the toughest carbon, lead, and moly fouling in just seconds. Ideal for rifle barrels, bolt faces, flash suppressors, compensators, silencers, chamber throats, revolver cylinders, gas pistons and any other place extreme carbon fouling is found. Will also neutralize and remove corrosive salts found in surplus military ammunition and black powder. Deep cleaning action easily penetrates the smallest crevices and other hard-to-reach areas, leaving heavily fouled parts looking factory new. For really stubborn fouling just soak in C4 Carbon Remover for a few minutes, then wipe or patch dry. Conditions the metal to help prevent future build-up. Non-flammable, odorless, ammonia free solution is safe for indoor use.

C4 Carbon Remover Safety Instructions

Introduction

Thank you for choosing C4 Carbon Remover by BORE TECH. This product is designed to effectively remove carbon, lead, and moly fouling from various surfaces. Please read and follow these safety instructions carefully to ensure safe and effective use.

General Safety Guidelines

To ensure your safety and the safety of others, please adhere to the following guidelines:

- Always use C4 Carbon Remover in a wellventilated area.
- Keep the product out of reach of children and pets.
- Avoid contact with eyes and skin. If contact occurs, rinse thoroughly with water.
- Do not ingest the product. If swallowed, seek medical attention immediately.
- Use personal protective equipment (PPE) such as gloves and goggles when handling the product.
- Store the product in a cool, dry place, away from direct sunlight and heat sources.
- Dispose of the product and its container in accordance with local regulations.

Specific Safety Precautions for Use

When using C4 Carbon Remover, please observe the following precautions:

- Do not mix C4 Carbon Remover with other chemicals or cleaning agents.
- Avoid using the product near open flames or heat sources, as it is nonflammable but can produce harmful vapors.
- Ensure that the area is free from sparks or other ignition sources during application.
- If you experience dizziness or respiratory discomfort while using the product, leave the area immediately and seek fresh air.
- For stubborn fouling, soak the affected parts in C4 Carbon Remover for a few minutes before wiping or patching dry.

Instructions for Installation and Usage

To use C4 Carbon Remover effectively, follow these steps:

1. Preparation:

- Make sure the item to be cleaned is cool and free from any excess debris.
- Gather necessary tools, such as brushes, rags, or patches.

2. Application:

- For the 16 oz. bottle, ensure the cap is securely closed before shaking gently.
- Apply C4 Carbon Remover directly onto the fouled area or onto a cleaning tool.
- Allow the product to sit for a few seconds to penetrate the fouling.

3. Cleaning:

- Wipe or scrub the surface with a cloth or brush to remove the fouling.
- For heavily fouled parts, soak them in C4 Carbon Remover for a few minutes, then wipe or patch dry.

4. PostCleaning:

- Rinse the cleaned area with water if necessary, and dry thoroughly.
- Store the product properly after use, ensuring the cap is tightly sealed.

Disposal Instructions

To dispose of C4 Carbon Remover and its container:

- Follow local regulations regarding the disposal of chemicals.
- Do not pour the product down the drain or into waterways.
- Dispose of the empty container in accordance with recycling guidelines.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please contact the customer service team of BORE TECH. Ensure you have the product information ready for a more efficient response.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective cleaning experience with C4 Carbon Remover.
