## Ensure the Quality of Your MSR Ammo

While its easy to grab ammunition out of a box, stuff it into a magazine and go shooting, the possibility always exists that one of your go-to AR rounds might not be within the specifications needed for safe or reliable shooting. Check the consistency of your ammunition with the Lyman MSR Aluminum Ammo Checker. The Lyman MSR Aluminum Ammo Checker is specifically designed as a simple Go gauge that allows sporting-rifle owners to drop their ammunition into the checker to ensure that it's within the minimum specifications and entirely safe to shoot. Machined from 6061-T6 aircraft-grade aluminum Features hard-coat anodized black finish Allows for quick, simple checking of single rounds The Lyman MSR Aluminum Ammo Checker is available in multiple calibers and gauges, including 5.56 NATO, 6.5 Grendel, 6.8 SPC, 300 AAC Blackout, 7.62x39, 450 Bushmaster, 458 SOCOM and 50 Beowulf.

# MSR Aluminum Ammo Checker Safety Instructions

## Introduction

Thank you for choosing the Lyman MSR Aluminum Ammo Checker. This product is designed to ensure the safe and reliable use of your ammunition. Please read this safety instruction guide carefully to understand how to use the product safely and effectively, in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle ammunition with care and in accordance with local laws and regulations.
- Keep the ammo checker out of reach of children and vulnerable individuals.
- Regularly inspect the ammo checker for any signs of wear or damage before use.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Avoid Overloading:** Do not attempt to check more than one round at a time.
- **Check for Compatibility:** Ensure that the ammunition being checked is compatible with the ammo checker.
- **Inspect Before Use:** Always check the ammo checker for any signs of damage or wear before using it.
- **Store Safely:** Keep the ammo checker in a cool, dry place when not in use.
- **Follow Manufacturer Instructions:** Adhere to all instructions provided by the manufacturer regarding the use of the ammo checker.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure you are in a safe and secure environment for handling ammunition.
- Gather the ammunition you wish to check.

### 2. Using the Ammo Checker:

- Hold the Lyman MSR Aluminum Ammo Checker firmly in one hand.
- Take a single round of ammunition and carefully drop it into the checker.
- Observe whether the round fits snugly within the gauge. If it does not fit, do not use this round for shooting.
- Repeat the process for each round of ammunition you wish to check.

### 3. PostUse:

- After checking your ammunition, store the ammo checker in a safe location away from children and unauthorized users.
- Regularly clean the ammo checker to ensure optimal performance.

## Disposal Instructions

- Dispose of the ammo checker responsibly if it becomes damaged beyond repair.
- Follow local regulations for the disposal of aluminum products.

- Do not throw the ammo checker into regular household waste if it can be recycled.

## **Contact Information for Further Support**

For any inquiries or further support regarding the Lyman MSR Aluminum Ammo Checker, please refer to the manufacturer's contact details provided on the packaging or the official website.
