

FUSION 1 MILE ARC 10X42MM RANGEFINDING BINOCULARS - BUSHNELL 10X42MM FUSION 1 MILE ARC RANGEFINDER

[Optics & Mounting](#) > [Rangefinders](#)

The Bushnell Fusion 10x42mm Rangefinding Binocular combines the best of Bushnell binoculars with world leading laser rangefinding capabilities. Every detail of the horizon is magnified with rich contrast and stunning clarity thanks to premium fully multi-coated optics and BaK-4 prisms. Activate the laser rangefinder with the push of a button, and the exact distance to your target - from 10 to 1,760 yards - is displayed. ARC Bow Mode and ARC Rifle Mode are built in. ARC Bow Mode delivers the "shoots-like" horizontal distance; while ARC Rifle Mode provides precise bullet-drop and holdover information.

Safety Instruction Guide for Bushnell Fusion 10x42mm Rangefinding Binoculars

Introduction

Thank you for choosing the Bushnell Fusion 10x42mm Rangefinding Binoculars. This guide provides essential safety information and instructions for the proper use and care of your binoculars. Please read this guide carefully to ensure safe operation and to maximize the performance of your product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep binoculars out of reach of children to prevent accidents.
- Always handle the binoculars with care to avoid damage.
- Use the binoculars in accordance with the manufacturer's instructions to minimize risks.
- Be aware of your surroundings when using the binoculars, especially in outdoor environments.

Specific Safety Precautions for Use

- Do not look directly at the sun through the binoculars, as this can cause serious eye damage.
- When using the laser rangefinder, ensure that you do not aim it at people or animals.
- Avoid using the binoculars in extreme weather conditions, such as heavy rain or snow, unless they are rated for such use.
- Store binoculars in a cool, dry place when not in use to prevent moisture damage.
- Regularly check for any signs of wear or damage before using the binoculars.

Instructions for Installation and Usage

1. **Unboxing:** Carefully remove the binoculars from the packaging. Inspect for any visible damage.
2. **Adjusting the Eyecups:** If you wear glasses, twist the eyecups down. If you do not wear glasses, twist them up for the best view.
3. **Focusing:**
 - Close your right eye and use the center focus wheel to focus on an object with your left eye.
 - Once focused, close your left eye and open your right eye. Adjust the right eyepiece until the same object is clear.
4. **Using the Laser Rangefinder:**
 - Press the button to activate the laser rangefinder.
 - Aim at the target and hold the button until the distance is displayed.
5. **Switching Modes:**
 - Use the mode button to toggle between ARC Bow Mode and ARC Rifle Mode as needed.
6. **Care and Maintenance:**
 - Clean the lenses with a soft, lintfree cloth. Avoid using any harsh chemicals.
 - Store the binoculars in a protective case to prevent scratches and damage.

Disposal Instructions

- Do not dispose of the binoculars in regular household waste.
- Check local regulations for the proper disposal of electronic devices and batteries.
- Consider recycling options for the product and its packaging.

Contact Information for Further Support

For any inquiries regarding safety or product performance, please contact the manufacturer directly through their official website or customer service channels.

Thank you for your attention to these safety guidelines. Enjoy your Bushnell Fusion 10x42mm Rangefinding Binoculars responsibly!
