

MAGNETIC BORESIGHTER - BUSHNELL MAGNETIC BORE SIGHTER

[Gunsmith Tools](#) > [Sight & Scope Installation Tools](#) > [Optical Boresighter Kits](#)

Optical collimators save you time and ammunition by getting your rifle or handgun “on paper” without firing a shot. Gives hunters, target shooters, and gunsmiths the convenience of initial sighting-in of scopes and sights at home or in the shop. Easy-to-use: attach collimator to the muzzle, then adjust the windage and elevation of the scope or iron sights until they align with the collimator grid. Sights centered on the grid will shoot very close to point-of-aim at 100 yards. Collimator is CNC-machined from aluminum, then hardcoat anodized to protect the finish from nicks, dings, and surface wear. Includes convenient carrying case that protects from damage and keeps each item clean and ready to use. Magnetic model works on all calibers and firearm types. Attaches directly to the muzzle and eliminates the need for inserts or arbors. Cloth carrying case with pull chord for easy closing and secure storage.

Attributes

- Name: [BUSHNELL MAGNETIC BORE SIGHTER](#)

Safety Instruction Guide for the Bushnell Magnetic Boresighter

Introduction

Thank you for choosing the Bushnell Magnetic Boresighter. This guide provides essential safety instructions and information to ensure a safe and effective experience when using this optical collimator. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the product is used in accordance with all relevant safety regulations.
- Always treat firearms as if they are loaded, even if you believe they are not.
- Store the boresighter and all firearms in a secure location away from children and unauthorized users.
- Do not use the boresighter if it appears damaged or is not functioning correctly.
- Follow all local laws and regulations regarding the use of firearms and related equipment.

Specific Safety Precautions for Use

- Always wear appropriate eye protection when using the boresighter.
- Keep the boresighter away from the muzzle of the firearm until ready to use.
- Do not point the firearm at anything you do not intend to shoot.
- Ensure that the area is clear of people and animals before using the boresighter.
- Do not use the boresighter while under the influence of drugs or alcohol.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and the safety is engaged.
- Remove any existing sights or accessories that may obstruct the installation of the boresighter.

2. Installation:

- Attach the collimator securely to the muzzle of the firearm.
- Ensure that it fits snugly and is properly aligned with the bore.

3. Adjustment:

- Once the collimator is attached, adjust the windage and elevation of the scope or iron sights until they align with the collimator grid.
- Verify that the sights are centered on the grid for optimal accuracy.

4. Testing:

- After adjustments, remove the boresighter and conduct a live fire test to confirm the alignment.
- Make any necessary adjustments based on the results of the live fire test.

Disposal Instructions

- Dispose of the boresighter and its components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for recycling options or designated disposal facilities.

Contact Information for Further Support

For any questions or concerns regarding the use of the Bushnell Magnetic Boresighter or to report unsafe products, please refer to the designated contact point provided by the manufacturer or local authorities.

Thank you for your attention to these safety guidelines. Your safety and the safety of others is our top priority. Enjoy using your Bushnell Magnetic Boresighter responsibly.
