# FIBER OPTIC SIGHT SET FOR GLOCK® Consumer Safety Instruction Guide

## Introduction

Thank you for choosing the FIBER OPTIC SIGHT SET FOR GLOCK® by APEX TOOL GROUP. This guide provides essential safety information, installation instructions, and maintenance tips to ensure the safe and effective use of your new sight set. Please read this guide carefully before use.

## General Safety Guidelines

To ensure your safety and the safety of others, please adhere to the following guidelines:

- Always handle firearms with care and respect.
- Ensure your firearm is unloaded before installing or adjusting the sight set.
- Use the sight set only with compatible Glock® models in 9mm and 40 S&W. Note that it does not fit model 42/43.
- Keep the sight set out of reach of children and unauthorized users.
- Regularly inspect the sight set for any signs of wear or damage.
- If you encounter any issues or concerns regarding the sight set, cease use immediately and consult a qualified professional.

## Specific Safety Precautions for Use

When using the FIBER OPTIC SIGHT SET FOR GLOCK®, please observe the following precautions:

- Ensure that the LitePipe colors (green, red, black, and white) are clearly visible and properly installed before use.
- Do not attempt to modify the sight set in any way, as this may compromise safety and performance.
- Be aware of your surroundings and ensure a safe shooting environment.
- Always wear appropriate eye and ear protection when shooting.
- If you experience any malfunctions or irregularities while using the sight set, stop using the firearm immediately and seek assistance.

## Instructions for Installation and Usage

Follow these steps for proper installation and usage of your FIBER OPTIC SIGHT SET FOR GLOCK®:

### 1. Preparation:

- Ensure that your Glock® is unloaded and pointed in a safe direction.
- Gather necessary tools for installation (e.g., sight pusher tool, screwdriver).

### 2. Removing the Existing Sights:

- Use the sight pusher tool to carefully remove the existing front and rear sights from your Glock®.
- Keep the original sights in a safe place in case you need to reinstall them.

### 3. Installing the FIBER OPTIC SIGHT SET:

- Align the front sight with the corresponding slot on the slide of your Glock®.
- Gently push the front sight into place using the sight pusher tool until it is securely fitted.
- Repeat the process for the rear sight, ensuring it is aligned properly with the front sight.

#### **4. Installing the LitePipes:**

- Choose the desired colors of LitePipes (green, red, black, or white) for both the front and rear sights.
- Insert the LitePipes into the designated slots of the sights until they click into place.

#### **5. Final Inspection:**

- Doublecheck the alignment of the sights and ensure that the LitePipes are securely installed.
- Test the sights by aiming at a target to ensure visibility and comfort.

## **Disposal Instructions**

When disposing of the FIBER OPTIC SIGHT SET FOR GLOCK®, please consider the following:

- Do not dispose of the sight set in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.
- Ensure that all components are disposed of in an environmentally friendly manner.

## **Contact Information for Further Support**

For any questions or concerns regarding the FIBER OPTIC SIGHT SET FOR GLOCK®, please consult the manufacturer or a qualified professional. Ensure you have the product information readily available when seeking assistance.

By following these safety instructions, you can enhance your shooting experience while ensuring the safety of yourself and others. Thank you for your attention to these important guidelines. Enjoy your improved shooting performance with the FIBER OPTIC SIGHT SET FOR GLOCK®!
