

SINCLAIR STAINLESS STEEL PILOTS - SINCLAIR INTERNATIONAL PILOT STOP, STAINLESS STEEL, 338 CALIBER

[Reloading](#) > [Case Preparation](#) > [Flash Hole Tool Pilots](#)

We manufacture pilots for our flash hole tool and our Neck Thickness/Variance Gauge. Our pilots are precision machined from stainless steel on CNC turning centers to properly fit new, unfired case necks. Available for rifle and pistol cartridges from 22 thru 45 caliber. Not for use on .50 BMG. 50 BMG flash hole diameter is larger.

Safety Instruction Guide for Sinclair Stainless Steel Pilots

Introduction

Thank you for choosing the Sinclair Stainless Steel Pilots. This product is designed for use with our flash hole tool and Neck Thickness/Variance Gauge. It is essential to read and understand this safety instruction guide to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that all users are familiar with the product and its intended use.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling this product.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Follow all local laws and regulations concerning the use of this product.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - The product is designed for specific calibers (22 to 45 caliber) and should not be used with .50 BMG due to the larger flash hole diameter.
- **Proper Handling:**
 - Handle the pilots with care to avoid injury.
 - Do not use if the product is damaged or shows signs of wear.
- **Storage:**
 - Store the product in a dry and secure location to prevent unauthorized access.
- **Training:**
 - Ensure that users are trained in the proper use of the flash hole tool and Neck Thickness/Variance Gauge.

Instructions for Installation and Usage

1. **Preparation:**
 - Gather all necessary tools and materials before starting.
 - Ensure the workspace is clean and free of distractions.
2. **Installation:**
 - Carefully insert the pilot into the flash hole tool or Neck Thickness/Variance Gauge as per the manufacturer's instructions.
 - Ensure a snug fit to prevent any movement during use.
3. **Usage:**

- Follow the specific instructions for the flash hole tool and Neck Thickness/Variance Gauge.
- Do not exceed the recommended caliber range.
- Always check the fit on a new, unfired case neck before proceeding.

4. PostUse:

- Clean the pilots after use to maintain their precision and longevity.
- Store the pilots in a secure location.

Disposal Instructions

- Dispose of any damaged or worn pilots in accordance with local regulations.
- Do not throw the product in regular household waste; check for local recycling programs or hazardous waste disposal guidelines.

Contact Information for Further Support

For any safety inquiries or further information regarding the Sinclair Stainless Steel Pilots, please contact the manufacturer directly. Ensure you have the product details available for efficient assistance.

By following these safety instructions, you can ensure a safe and effective experience with the Sinclair Stainless Steel Pilots. Always prioritize safety and compliance with local regulations. Thank you for your attention to these important guidelines.
