

SINCLAIR STAINLESS STEEL PILOTS - PILOT STOP, STAINLESS STEEL, 6.5MM

[Reloading](#) > [Case Preparation](#) > [Flash Hole Tool Pilots](#)

We manufacture pilots for our flash hole tool and our Neck Thickness/Variance Gauge. Our pilots are precision machined from stainless steel on CNC turning centers to properly fit new, unfired case necks. Available for rifle and pistol cartridges from 22 thru 45 caliber. Not for use on .50 BMG. 50 BMG flash hole diameter is larger.

SINCLAIR STAINLESS STEEL PILOTS PILOT STOP

Safety Instruction Guide

Introduction

Thank you for choosing the SINCLAIR STAINLESS STEEL PILOTS PILOT STOP. This guide provides important safety instructions to ensure the safe and effective use of this product. Please read all instructions carefully before use.

General Safety Guidelines

To ensure safe use of the SINCLAIR STAINLESS STEEL PILOTS PILOT STOP, please adhere to the following guidelines:

- Ensure that the product is used only for its intended purpose as described in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Do not attempt to modify or alter the product in any way.
- Use appropriate personal protective equipment (PPE) when handling the product, such as safety glasses and gloves.

Specific Safety Precautions for Use

When using the SINCLAIR STAINLESS STEEL PILOTS PILOT STOP, please take the following precautions:

- Only use with rifle and pistol cartridges ranging from .22 to .45 caliber. Do not use with .50 BMG cartridges as the flash hole diameter is larger.
- Ensure that the pilot is properly fitted to the case neck before use to prevent accidents.
- Avoid using the product in wet or damp conditions to prevent slipping or other hazards.
- Do not exceed the recommended usage limits as stated in the product specifications.
- If you experience any unusual noise or resistance during use, stop immediately and inspect the product.

Instructions for Installation and Usage

To ensure optimal performance and safety when using the SINCLAIR STAINLESS STEEL PILOTS PILOT STOP, follow these instructions:

1. Installation:

- Select the appropriate pilot for your cartridge caliber.
- Ensure the pilot is clean and free of any debris before installation.
- Insert the pilot into the flash hole tool or Neck Thickness/Variance Gauge according to the manufacturer's instructions.

2. Usage:

- Position the tool securely and ensure it is stable before beginning work.
- Gently apply pressure to the tool to ensure proper engagement with the case neck.
- Monitor the process closely to ensure that the pilot remains aligned and properly fitted.
- After use, clean the pilot and tool to maintain their condition and performance.

Disposal Instructions

Proper disposal of the SINCLAIR STAINLESS STEEL PILOTS PILOT STOP is important for environmental safety:

- Dispose of the product in accordance with local regulations for metal waste.
- Do not dispose of the product in general household waste.
- Consider recycling options if available in your area.

Contact Information for Further Support

For any questions or concerns regarding the SINCLAIR STAINLESS STEEL PILOTS PILOT STOP, please reach out to the manufacturer or your local distributor for assistance. Always ensure that you have the product details ready for a more efficient response.

By following these safety instructions, you can ensure a safer experience when using the SINCLAIR STAINLESS STEEL PILOTS PILOT STOP. Thank you for your attention to these important guidelines.
