

# XTP® 44 CALIBER (.430") PISTOL BULLETS - XTP® 44 CALIBER (0.430") 300GR JACKETED HOLLOW POINT 50/BOX

[Reloading](#) > [Bullets](#) > [Pistol Bullets](#)

Designed for hunting, self-defense and law enforcement applications, the XTP® bullet demonstrates the kind of accuracy that led many competitive shooters to adopt it. Reliable performance makes the XTP® the most popular handgun bullet for both target shooters and hunters. But it's the stopping power of the XTP® bullet that has truly built its world-class reputation. From the onset, XTP® bullets were specifically designed to expand reliably at a wide range of handgun velocities to deliver deep penetration with every shot.

**FEATURES** CONTROLLED EXPANSION: Precise serrations divide the XTP® into symmetrical sections, strategically weakening the jacket and initiating controlled expansion even at low velocities. NO EXPOSED LEAD: The gilding metal jacket protects the nose of the bullet, so the hollow cavity functions properly on impact and ensures proper feeding in semi-automatics. SWAGED CORE: Total uniformity of core density ensures balanced expansion as well as in-flight stability. DRAWN GILDING METAL JACKET: Expansion is controlled by varying jacket thickness down the length of the XTP®, providing a definite advantage over plated bullets which have a uniform jacket thickness over the entire bullet. CANNELURE: On revolver bullets, the cannelure helps achieve accurate, consistent crimping. All cannelures are applied before the final forming process to eliminate any distortion to the finished bullet.

## Attributes

- Name: [XTP® 44 CALIBER \(0.430"\) 300GR JACKETED HOLLOW POINT 50/BOX](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749002111
- Mfr. No.: 44280
- Bullet Style: Hollow Point Extreme Terminal Performance (HPXTP)
- Caliber: 44 Caliber
- Diameter (in): 0.430
- Grain: 300
- Quantity: 50
- Delivery weight: 1.021kg
- Shipping height: 53mm
- Shipping width: 53mm
- Shipping length: 107mm
- UPC: 090255244281

## Item details

Made in USA

US export classification: 0A505.x

# XTP® 44 Caliber (.430") Pistol Bullets Safety Instruction Guide

## Introduction

Thank you for choosing the XTP® 44 Caliber (.430") Pistol Bullets. Designed for hunting, selfdefense, and law enforcement applications, these bullets offer reliable performance and exceptional stopping power. It is essential to use these bullets safely and responsibly. This guide provides important safety instructions, general guidelines, and specific precautions to ensure safe handling and usage.

## General Safety Guidelines

- Ensure that you are familiar with local laws and regulations regarding ammunition purchase and usage.
- Always store ammunition in a cool, dry place away from direct sunlight and moisture.
- Keep ammunition out of reach of children and unauthorized individuals.
- Use protective eyewear and hearing protection when shooting.
- Always handle firearms and ammunition with care, treating every firearm as if it is loaded.
- Do not use damaged or corroded ammunition.
- Regularly inspect your firearm and ammunition for any signs of wear or damage.

## Specific Safety Precautions for Use

- Always follow the manufacturer's instructions for your specific firearm when using XTP® bullets.
- Ensure that your firearm is compatible with .44 caliber ammunition.
- Use appropriate cleaning tools and techniques to maintain your firearm.
- Avoid using excessive force when loading ammunition into the firearm.
- Do not exceed the recommended loads for your specific firearm as outlined in the manufacturer's guidelines.
- Be aware of your surroundings and ensure a safe shooting environment.
- Always aim in a safe direction and be sure of your target and what is beyond it.

## Instructions for Installation and Usage

### 1. Loading Ammunition:

- Ensure the firearm is pointed in a safe direction.
- Open the action of the firearm and visually inspect the chamber to confirm it is empty.
- Insert the XTP® bullets into the magazine or cylinder according to the firearm's specifications.
- Close the action of the firearm carefully.

### 2. Firing:

- Position yourself in a stable stance with a firm grip on the firearm.
- Align your sights with the target.
- Keep your finger off the trigger until you are ready to shoot.
- Squeeze the trigger smoothly to fire.

### 3. PostFiring:

- After firing, keep the firearm pointed in a safe direction and open the action to inspect the chamber.
- Remove any spent casings and dispose of them properly.
- Clean your firearm according to the manufacturer's instructions.

## Disposal Instructions

- Dispose of any unused or expired ammunition in accordance with local regulations.
- Do not throw ammunition in the regular trash.
- Contact your local waste management authority for proper disposal methods.
- Ensure that spent casings are collected and disposed of safely to prevent environmental contamination.

## Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the manufacturer's website or customer service resources.

By following these guidelines, you can ensure the safe and effective use of your XTP® 44 Caliber (.430") Pistol Bullets. Always prioritize safety and responsible handling to enjoy your shooting experience fully.
