

# XTP® 32 CALIBER (.312") PISTOL BULLETS - XTP .32 CALIBER (0.312") 85GR JACKETED HOLLOW POINT 100/BOX

[Reloading](#) > [Bullets](#) > [Pistol Bullets](#)

Designed for hunting, self-defense and law enforcement applications, the XTP® bullet demonstrates the kind of accuracy that led many competitive shooters to adopt it. Reliable performance makes the XTP® the most popular handgun bullet for both target shooters and hunters. But it's the stopping power of the XTP® bullet that has truly built its world-class reputation. From the onset, XTP® bullets were specifically designed to expand reliably at a wide range of handgun velocities to deliver deep penetration with every shot. FEATURES CONTROLLED EXPANSION: Precise serrations divide the XTP® into symmetrical sections, strategically weakening the jacket and initiating controlled expansion even at low velocities. NO EXPOSED LEAD: The gilding metal jacket protects the nose of the bullet, so the hollow cavity functions properly on impact and ensures proper feeding in semi-automatics. SWAGED CORE: Total uniformity of core density ensures balanced expansion as well as in-flight stability. DRAWN GILDING METAL JACKET: Expansion is controlled by varying jacket thickness down the length of the XTP®, providing a definite advantage over plated bullets which have a uniform jacket thickness over the entire bullet. CANNELURE: On revolver bullets, the cannelure helps achieve accurate, consistent crimping. All cannelures are applied before the final forming process to eliminate any distortion to the finished bullet.

## Attributes

- Name: [XTP .32 CALIBER \(0.312"\) 85GR JACKETED HOLLOW POINT 100/BOX](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749002210
- Mfr. No.: 32050
- Bullet Style: Hollow Point Extreme Terminal Performance (HPXTP)
- Caliber: 32 Caliber
- Diameter (Breech): 0.312
- Diameter (in): 0.312
- Grain: 85
- Quantity: 100
- Delivery weight: 0.522kg
- Shipping height: 51mm
- Shipping width: 53mm
- Shipping length: 66mm
- UPC: 090255232059

## Item details

Made in USA

US export classification: 0A505.x

# Safety Instruction Guide for XTP® 32 Caliber (.312") Pistol Bullets

## Introduction

Thank you for choosing the XTP® 32 Caliber (.312") Pistol Bullets. This guide provides essential safety information to ensure the safe use, handling, and disposal of this product in compliance with the EU General Product Safety Regulation (GPSR). Please read the following instructions carefully.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the XTP® bullets by following all guidelines. This product is designed for hunting, selfdefense, and law enforcement applications.
- **Enhanced Recalls:** Stay informed about any recall notices related to this product. In the event of a recall, remedies will be provided at no cost.
- **Online Shopping:** If purchased online, verify that the seller complies with all safety requirements.
- **Special Consumer Focus:** Extra caution should be taken to keep this product away from children and vulnerable groups.
- **EU Contact Point:** For safety inquiries, refer to the designated EU contact point provided by the manufacturer.
- **Rapid Alerts:** Check the EU's Safety Gate platform regularly for updates on unsafe products.

## Specific Safety Precautions for Use

- **Handling:** Always handle the bullets with care. Store them in a safe place away from children and unauthorized users.
- **Usage:** Use only in compatible firearms designed for the .32 caliber ammunition. Ensure the firearm is in good working condition.
- **Protective Gear:** Wear appropriate protective gear, such as safety glasses and hearing protection, when using these bullets.
- **Avoid Exposure:** Do not expose the bullets to extreme temperatures, moisture, or chemicals that could compromise their integrity.
- **Disposal:** Follow local regulations for the disposal of ammunition and related materials. Do not dispose of in regular trash.

## Instructions for Installation and Usage

- **Installation:**
  - Ensure that your firearm is unloaded before handling or installing the bullets.
  - Follow the manufacturer's instructions for loading the bullets into the firearm.
  - Ensure the firearm is pointed in a safe direction during loading and unloading.
- **Usage:**
  - Always confirm that you are using the correct caliber and type of bullet for your firearm.
  - Check the condition of the bullets before use. Do not use damaged or corroded bullets.
  - Fire the bullets in a controlled environment, ensuring that you have a safe backdrop and are aware of your surroundings.
  - After firing, ensure the firearm is unloaded before handling or cleaning.

## Disposal Instructions

- **Local Regulations:** Consult local laws and regulations regarding the disposal of ammunition and firearm components.
- **Recycling:** If applicable, seek out recycling programs for spent bullets and casings.
- **Hazardous Waste:** If the bullets are deemed hazardous, contact local waste management authorities for proper disposal methods.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the XTP® 32 Caliber (.312") Pistol Bullets, please refer to the designated EU contact point provided by the manufacturer.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your XTP® 32 Caliber (.312") Pistol Bullets. Always prioritize safety and responsibility when handling firearms and ammunition.
