

# XTP® 9MM (.355") PISTOL BULLETS - XTP® 9MM (0.355") 115GR JACKETED HOLLOW POINT 100/BOX

[Reloading](#) > [Bullets](#) > [Pistol Bullets](#)

Designed for hunting, self-defense and law enforcement applications, the XTP® bullet demonstrates the kind of accuracy that led many competitive shooters to adopt it. Reliable performance makes the XTP® the most popular handgun bullet for both target shooters and hunters. But it's the stopping power of the XTP® bullet that has truly built its world-class reputation. From the onset, XTP® bullets were specifically designed to expand reliably at a wide range of handgun velocities to deliver deep penetration with every shot.

**FEATURES** CONTROLLED EXPANSION: Precise serrations divide the XTP® into symmetrical sections, strategically weakening the jacket and initiating controlled expansion even at low velocities. NO EXPOSED LEAD: The gilding metal jacket protects the nose of the bullet, so the hollow cavity functions properly on impact and ensures proper feeding in semi-automatics. SWAGED CORE: Total uniformity of core density ensures balanced expansion as well as in-flight stability. DRAWN GILDING METAL JACKET: Expansion is controlled by varying jacket thickness down the length of the XTP®, providing a definite advantage over plated bullets which have a uniform jacket thickness over the entire bullet. CANNELURE: On revolver bullets, the cannelure helps achieve accurate, consistent crimping. All cannelures are applied before the final forming process to eliminate any distortion to the finished bullet.

## Attributes

- Name: [XTP® 9MM \(0.355"\) 115GR JACKETED HOLLOW POINT 100/BOX](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749002218
- Mfr. No.: 35540
- Bullet Style: Hollow Point Extreme Terminal Performance (HPXTP)
- Caliber: 9mm
- Diameter (in): 0.355
- Grain: 115
- Quantity: 100
- Delivery weight: 0.771kg
- Shipping height: 53mm
- Shipping width: 53mm
- Shipping length: 89mm
- UPC: 090255235548

## Item details

Made in USA

US export classification: 0A505.x

# Safety Instruction Guide for XTP® 9MM Pistol Bullets

## Introduction

Thank you for choosing the XTP® 9MM (.355") Pistol Bullets. These bullets are designed for hunting, selfdefense, and law enforcement applications, providing reliable performance and accuracy. This guide offers essential safety information to ensure your safe use of this product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- **Product Safety:** Ensure safe handling and use of the bullets. Follow all safety instructions provided in this guide.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to this product. Check official sources for updates.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety requirements.
- **Special Consumer Focus:** Extra care should be taken when these bullets are around vulnerable groups, especially children.
- **EU Contact Point:** For safety inquiries, refer to the designated EU contact point provided by the manufacturer.
- **Rapid Alerts:** Be aware of any safety alerts regarding this product through the Safety Gate system.

## Specific Safety Precautions for Use

- **Age Restriction:** This product is intended for use by individuals 18 years and older. Ensure that it is stored out of reach of children.
- **Handling:** Always treat bullets as if they are loaded. Never point a firearm at anything you do not intend to shoot.
- **Storage:** Store bullets in a cool, dry place away from direct sunlight and moisture. Use original packaging or a secure container.
- **Inspection:** Before use, inspect each bullet for any signs of damage or defects. Do not use damaged bullets.
- **Firearm Compatibility:** Ensure that these bullets are compatible with your firearm. Consult your firearm's manufacturer if unsure.
- **Protective Equipment:** Always wear appropriate eye and ear protection when handling or firing firearms.

## Instructions for Installation and Usage

### • Loading the Bullets:

- Ensure the firearm is pointed in a safe direction.
- Open the magazine or chamber of the firearm.
- Carefully load the bullets into the magazine or chamber according to the manufacturer's instructions for your specific firearm.

### • Firing the Bullets:

- Ensure the firearm is in good working condition.
- Check that the bullet is seated correctly in the chamber.
- Follow the proper firing procedures for your firearm, including maintaining a firm grip and proper stance.

- **PostFiring Handling:**

- After firing, always treat the firearm as if it is still loaded.
- Clear the chamber and magazine as per the firearm's safety instructions.
- Store any unused bullets safely.

## Disposal Instructions

- **Disposal of Unused Bullets:** Consult local regulations for the disposal of ammunition. Do not throw bullets in regular waste.
- **Damaged Bullets:** For damaged or defective bullets, contact your local authorities for guidance on safe disposal.
- **Recycling:** If permitted, consider recycling spent casings at designated facilities.

## Contact Information for Further Support

For any questions or concerns regarding the safety and use of the XTP® 9MM Pistol Bullets, please refer to the manufacturer's contact information as provided with your purchase.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience while using the XTP® 9MM Pistol Bullets. Always prioritize safety and responsibility in all aspects of firearm handling and ammunition use.
