

# MATCH GRADE BUSHING - HORNADY MATCH GRADE BUSHING/.266

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Hornady match Grade Dies feature interchangeable neck sizing bushings that are self centering. The bushings allow the user to size the case neck to the bullet tension you desire. This eliminates the chance of over-sizing your case necks and overworking the brass. Bushings are available in .002 inch increments. The Match Grade Full Length Die will size the case body, bump the shoulder and size the case neck with the selected bushing. The Match Grade Neck Die sizes the neck with the installed bushing and bumps the shoulder only (no body sizing). Both versions feature a self centering decap spindle with an o-ring spindle tensioner, and the elliptical expander ball with headed decap pin - the same pin used in the Custom Grade Dies. These bushing sizer dies have some unique features and are very well made and finished.

## Attributes

- Name: [HORNADY MATCH GRADE BUSHING/.266](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749003024
- Mfr. No.: 594266

# Safety Instruction Guide for Hornady Match Grade Bushing

## Introduction

Thank you for choosing the Hornady Match Grade Bushing. This product is designed to enhance your reloading experience by allowing precise neck sizing for your ammunition. To ensure your safety and the optimal performance of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always use the product as intended and according to the manufacturer's instructions.
- Keep the product out of reach of children and unauthorized users.
- Inspect the product before each use for any signs of damage or wear.
- Do not use the product if it is damaged or malfunctioning.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment, such as safety glasses, when using this product to prevent injury.
- Ensure that the workspace is clean and free of obstructions to avoid accidents during use.
- Do not exceed the recommended specifications for sizing bushings; using incorrect sizes may lead to dangerous conditions.
- Always follow proper reloading practices, including checking the specifications for your specific firearm.
- Avoid using excessive force when operating the bushing to prevent damage to the product and ensure safety.

## Instructions for Installation and Usage

### 1. Installation of Bushing:

- Select the appropriate bushing size for your needs (.266 in this case).
- Ensure the bushing is clean and free from debris.
- Insert the bushing into the neck sizing die until it is securely seated.

### 2. Using the Match Grade Full Length Die:

- Place the case into the die.
- Lower the ram to size the case body, bump the shoulder, and size the case neck with the selected bushing.
- Inspect the case after sizing to ensure it meets specifications.

### 3. Using the Match Grade Neck Die:

- Insert the case into the neck die.
- Lower the ram to size the neck with the installed bushing and bump the shoulder.
- Verify that the neck tension is appropriate for your bullet.

### 4. PostUsage Care:

- Clean the die and bushings after each use to prevent corrosion and maintain performance.

- Store the product in a dry and safe location, away from moisture and extreme temperatures.

## **Disposal Instructions**

- Dispose of any damaged or wornout bushings and dies in accordance with local regulations.
- Do not throw away in regular household waste. Check for recycling options or hazardous waste disposal methods.

## **Contact Information for Further Support**

For further assistance or inquiries regarding safety and usage, please contact your local Hornady distributor or refer to the official Hornady website for additional resources.

Thank you for your attention to these safety instructions. Your safety is our priority, and following these guidelines will help ensure a safe and enjoyable reloading experience.
