

FULL LENGTH DIE SETS - RCBS FULL LENGTH 2-DIE SET 222 REM MAG

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full length die sets are for bottleneck rifle and pistol cases, and they include a full length sizing die and a seater die. The full length die will bump the shoulder of the case to extent the die is adjusted up or down in the press. We suggest using a cartridge headspace gage tool to get the correct shoulder bump. The full length die also sizes the body of the case so it will chamber easily for the next firing, then the die decaps the spent primer. The expander ball passes through the neck of the case and sizes the neck to the correct tension. Cases must be lubricated before full length sizing. The RCBS seater dies for bottleneck cases will seat bullets correctly in full length sized cases or neck sized cases. These seater dies have a built-in crimp ring to enable you to crimp the case into the bullet if you wish to. The seater die is easily adjusted to crimp or not to crimp by raising or lowering the die position in the press. Full length 2 die sets are the basic building block of the reloading process. Many shooters wear out multiple barrels or rifles using just one full length reloading die set. We recommend that new reloaders start with a full length die set and learn how to set the dies up correctly before they jump in to other types of reloading dies.

Attributes

- Name: [RCBS FULL LENGTH 2-DIE SET 222 REM MAG](#)
- Manufacturer: [RCBS](#)
- Product no.: 749004624
- Mfr. No.: 11001

Safety Instruction Guide for RCBS Full Length 2Dye Set 222 Rem Mag

Introduction

Thank you for choosing the RCBS Full Length 2Dye Set for 222 Rem Mag. This guide provides essential safety instructions to ensure the safe and effective use of your reloading equipment. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that your workspace is clean and organized to prevent accidents.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, while reloading.
- Keep the reloading area free from distractions and unauthorized personnel, especially children.
- Familiarize yourself with all components of the die set before use.
- Follow all manufacturer instructions and guidelines for the use of reloading equipment.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Improper handling of reloading equipment can lead to serious injury or damage.
 - Always ensure that cases are properly lubricated before sizing to prevent stuck cases.
- **Avoiding Hazards:**
 - Do not attempt to adjust dies while the press is in operation.
 - Ensure that the die is securely mounted in the press before use.
 - Do not exceed recommended load limits for your cartridges.
- **AgeSpecific Warnings:**
 - This product is intended for use by individuals aged 18 years and older.
 - Keep out of reach of children and pets.

Instructions for Installation and Usage

1. Installation:

- Securely mount the full length sizing die and seater die in the reloading press according to the manufacturer's instructions.
- Ensure that the dies are tightened properly to prevent movement during operation.

2. Usage:

- Lubricate cases thoroughly before sizing to avoid stuck cases.
- Adjust the full length die to achieve the desired shoulder bump using a cartridge headspace gauge tool.
- Insert the case into the press and operate the handle to size the case.
- After sizing, decap the spent primer using the die's decapping feature.
- For bullet seating, insert a bullet into the neck of the sized case and position it in the seater die.

- Adjust the seater die to achieve the desired bullet seating depth.
- If crimping is desired, adjust the crimp ring on the seater die accordingly.

Disposal Instructions

- Dispose of any spent primers, excess lubricants, or other waste materials in accordance with local regulations.
- Do not dispose of hazardous materials in regular trash. Contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the RCBS Full Length 2Dye Set, please refer to the manufacturer's contact information provided in the product packaging or visit the manufacturer's website for further assistance.

Thank you for prioritizing safety while using the RCBS Full Length 2Dye Set. Your adherence to these guidelines will help ensure a safe and productive reloading experience.
