

LOCK-N-LOAD AP SHELLPLATE - #30 LOCK-N-LOAD AP PROGRESSIVE PRESS SHELLPLATE

[Reloading](#) > [Shellholders & Shellplates](#)

Shell plates for Lock-N-Load AP and Pro-Jector are available to fit most calibers. Each shell plate will also hold additional calibers with the same case head dimensions. Current shell plates are designed to fit Lock-N-Load AP (both EZ-Ject and wire ejector models) and Pro-Jector presses. These shell plates require the purchase of the 749-012-552 Hornady Auto press retrofit kit if your press still has the OLD STYLE SPRING TYPE CARTRIDGE CASE EJECTOR SYSTEM. If you have any questions please contact your Sinclair tech 800-717-8211. View Hornady Shellplate Chart.

LOCKNLOAD AP SHELLPLATE #30 Safety Instruction Guide

Introduction

Thank you for choosing the LOCKNLOAD AP SHELLPLATE #30. This guide provides essential safety instructions and information to ensure safe and effective use of the product. Please read this manual carefully before using the shell plate to avoid any potential hazards.

General Safety Guidelines

- Ensure that all users are familiar with the operation of the LOCKNLOAD AP and Projector presses before using the shell plate.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when operating reloading equipment.
- Keep the work area clean and welllit to prevent accidents.
- Store the shell plate and all reloading components in a secure location, out of reach of children and pets.
- Regularly inspect the shell plate for wear or damage. Do not use if damaged.
- Follow all local laws and regulations regarding ammunition reloading.

Specific Safety Precautions for Use

- **Compatibility:** Ensure that the shell plate is compatible with your specific LockNLoad AP or Projector press model.
- **Ejector System:** If your press uses the old style spring type cartridge case ejector system, purchase the 749012552 Hornady Auto press retrofit kit to ensure proper operation.
- **Caliber Usage:** Confirm that the shell plate is designed for the specific caliber you intend to use. Each shell plate accommodates multiple calibers with the same case head dimensions.
- **Avoid Overloading:** Do not exceed the recommended capacity of the press when using the shell plate.
- **Proper Handling:** Handle the shell plate with care to avoid any accidental drops or impacts that could cause damage.

Instructions for Installation and Usage

1. Installation:

- Ensure the press is turned off and unplugged before installation.
- Remove any existing shell plate from the press.
- Align the LOCKNLOAD AP SHELLPLATE #30 with the mounting points on the press.
- Secure the shell plate in place according to the manufacturer's instructions.

2. Usage:

- Load the appropriate caliber cartridge cases into the shell plate.
- Follow the standard operating procedures for your LockNLoad AP or Projector press.
- Monitor the operation closely to ensure proper functioning and to identify any issues early.

3. Maintenance:

- After use, clean the shell plate to remove any debris or residue.
- Store the shell plate in a dry, cool place to prevent corrosion.

Disposal Instructions

- Dispose of the shell plate and any associated components in accordance with local regulations.
- If the shell plate is damaged beyond repair, consider recycling materials where possible.

Contact Information for Further Support

For any questions or concerns regarding the LOCKNLOAD AP SHELLPLATE #30, please contact your local Sinclair tech support at 8007178211.

Conclusion

By following these safety instructions and guidelines, you can ensure a safer reloading experience with the LOCKNLOAD AP SHELLPLATE #30. Always prioritize safety and stay informed about best practices in ammunition reloading. Thank you for your attention to these important safety measures.
