

NTX 22 CALIBER (.224") RIFLE BULLETS - NTX 22 CALIBER (0.224") 35GR LEAD FREE POLYMER TIP 100/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

Hornady® NTX® bullets provide peerless performance with a non-traditional core material that combines accuracy, reliability and Hornady® quality for use in areas with restrictions on the use of traditional bullets. Hornady® has made lead core bullets since 1949. Lead is, and always will be an excellent core material that provides density and hard-hitting energy to a vast array of bullets. However, there are regulations in some areas that restrict the use of lead in bullets. The non-lead core of the NTX,® which is crafted from a frangible copper alloy, features a small space between it and the shaft of the hard polymer tip, just like the V-MAX.® This specially designed cavity allows the copper-colored tip and shaft to build up increased energy upon impact with the target before driving into the bullet's core with increased force, initiating near-instant expansion and explosive fragmentation. FEATURES Polymer tip and streamlined design for ultra flat trajectories. Match grade AMP® bullet jackets provides maximum accuracy at all ranges. California compatible, lead-free.

Attributes

- Name: [NTX 22 CALIBER \(0.224"\) 35GR LEAD FREE POLYMER TIP 100/BOX](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749009717
- Mfr. No.: 22240
- Ballistic Coefficient (G1): 0.177
- Brand Style: NTX
- Bullet Style: Non Toxic Expanding (NTX)
- Caliber: 22 Caliber
- Diameter (Breech): 0.224
- Diameter (in): 0.224
- Grain: 35
- Sectional Density: 0.100
- Quantity: 100
- Delivery weight: 0.227kg
- Shipping height: 51mm
- Shipping width: 53mm
- Shipping length: 53mm
- UPC: 090255200003

Safety Instruction Guide for NTX 22 Caliber (.224") Rifle Bullets

Introduction

Thank you for choosing Hornady® NTX® 22 Caliber (.224") Rifle Bullets. This guide provides essential safety instructions and guidelines to ensure safe and effective use of this product. Please read this document carefully before use.

General Safety Guidelines

- Ensure that you are familiar with local laws and regulations regarding the use of rifle bullets.
- Always handle bullets with care and store them in a safe location, out of reach of children.
- Use appropriate personal protective equipment (PPE) when handling bullets, such as safety glasses and gloves.
- Keep the product in its original packaging until ready for use.
- Regularly check for any updates regarding product recalls or safety notices on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use NTX 22 Caliber bullets in firearms that are specifically designed for this caliber.
- Do not exceed the manufacturer's recommended load specifications.
- Ensure that your firearm is in good working condition and has been properly maintained.
- Avoid using the bullets in wet or damp conditions, as this may affect performance.
- Be aware of your surroundings and ensure a safe shooting environment to prevent accidents.
- Always point the firearm in a safe direction when loading or unloading.

Instructions for Installation and Usage

- Before using the bullets, read the firearm's user manual for proper loading and shooting instructions.
- Load the bullets into the magazine or chamber according to the firearm's specifications.
- Ensure that the bullet is seated correctly and securely in the chamber.
- When ready to shoot, check your target and the area behind it to ensure safety.
- Follow all standard shooting practices, including keeping your finger off the trigger until you are ready to shoot.

Disposal Instructions

- Dispose of unused or expired bullets in accordance with local regulations for hazardous materials.
- Do not throw bullets in regular household waste.
- Contact local waste management authorities for guidance on safe disposal methods.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the manufacturer's contact information, which can typically be found on the product packaging or the official website.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your Hornady® NTX® 22 Caliber (.224") Rifle Bullets. Thank you for your attention to safety.
