

338 LAPUA MAGNUM BRASS CASE - 338 LAPUA MAGNUM BRASS 20/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

Hornady unprimed brass features tight tolerances, uniform concentricity, consistent weight and capacity. Their manufacturing processes ensure consistent bullet seating and uniform bullet release for optimal velocity and accuracy. Target shooters insist on uniform case wall thickness and tight tolerances. Hornady delivers this by treating brass as the foundation for an accurate cartridge, not as a commodity.

Safety Instruction Guide for 338 LAPUA MAGNUM BRASS CASE

Introduction

Thank you for choosing the 338 LAPUA MAGNUM BRASS CASE by Hornady. This guide provides important safety information to ensure the safe use of this product. Please read and understand all instructions and guidelines before using the brass cases.

General Safety Guidelines

- Ensure safe handling and storage of brass cases to prevent accidents.
- Always treat brass cases as potentially hazardous materials.
- Be aware of the specific risks associated with reloading and handling ammunition components.
- Follow all local laws and regulations regarding the use of ammunition and reloading components.
- If you are unsure about any aspect of using this product, seek guidance from a knowledgeable professional.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when reloading or shooting.
- Keep brass cases out of reach of children and unauthorized persons.
- Inspect brass cases for any signs of damage or defects before use.
- Do not use brass cases that show signs of wear, corrosion, or deformation.
- Ensure that the reloading process is conducted in a wellventilated area to avoid inhalation of any harmful particles or fumes.
- Use only the recommended primers, powders, and projectiles specified for the 338 Lapua Magnum cartridge.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including brass cases, reloading equipment, and safety gear.
- Ensure your workspace is clean and organized.

2. Inspecting Brass Cases:

- Examine each brass case for damage, such as cracks or dents.
- Discard any cases that do not meet safety standards.

3. Reloading Process:

- Follow the reloading manual specific to the 338 Lapua Magnum cartridge.
- Use a reliable scale to measure powder charges accurately.
- Seat bullets according to the specifications provided in the reloading manual.
- Ensure that the bullet is seated to the correct depth for optimal performance.

4. Storage:

- Store unused brass cases in a cool, dry place away from direct sunlight.
- Keep brass cases in a secure container to prevent unauthorized access.

5. Disposal:

- Dispose of any damaged or unusable brass cases in accordance with local regulations.
- Do not discard brass cases in regular household waste.

Contact Information for Further Support

For further assistance or inquiries regarding the safety of this product, please refer to the contact information provided on the product packaging or visit the manufacturer's website. Always ensure you have the latest information regarding recalls or safety alerts.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with the 338 LAPUA MAGNUM BRASS CASE. Your safety is our priority, and we appreciate your commitment to responsible handling and use of our products.
