

444 MARLIN BRASS CASES 50/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

Hornady unprimed brass features tight tolerances, uniform concentricity, consistent weight and capacity. Their manufacturing processes ensure consistent bullet seating and uniform bullet release for optimal velocity and accuracy. Target shooters insist on uniform case wall thickness and tight tolerances. Hornady delivers this by treating brass as the foundation for an accurate cartridge, not as a commodity.

Safety Instruction Guide for 444 Marlin Brass Case

Introduction

Thank you for choosing the 444 Marlin Brass Case by Hornady. This guide provides essential safety instructions to ensure the safe use of this product. Please read all instructions carefully before use.

General Safety Guidelines

- Ensure that you are familiar with local laws and regulations regarding the use of ammunition components.
- Store brass cases in a cool, dry place away from direct sunlight and moisture.
- Keep brass cases out of reach of children and unauthorized users.
- Regularly inspect brass cases for any signs of damage or wear before use.
- Use only compatible components when reloading ammunition.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and hearing protection, when reloading ammunition.
- Handle brass cases with care to avoid injury from sharp edges or burrs.
- Do not exceed the recommended load specifications provided by the manufacturer.
- Ensure that your reloading equipment is in good working condition to prevent accidents.
- Avoid distractions while reloading to maintain focus and prevent errors.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary reloading equipment and components.
- Ensure that your workspace is clean and organized.

2. Inspecting Brass Cases:

- Check each brass case for signs of damage, such as cracks or dents.
- Clean brass cases as necessary to remove any dirt or residue.

3. Reloading Process:

- Follow the manufacturer's guidelines for selecting the appropriate powder and bullet for your load.
- Carefully measure and pour the powder into the brass case.
- Seat the bullet firmly but do not exceed the recommended seating depth.

4. Final Inspection:

- After reloading, inspect each cartridge for proper assembly.
- Store loaded cartridges in a safe and secure location.

Disposal Instructions

- Dispose of any damaged or unusable brass cases according to local regulations.
- Recycle brass cases whenever possible to minimize environmental impact.

- Do not dispose of brass cases in regular household waste.

Contact Information for Further Support

For safety inquiries or further assistance, please contact the manufacturer or refer to the product packaging for additional resources.

By following these guidelines, you can ensure a safe and enjoyable experience with your 444 Marlin Brass Cases. Thank you for your attention to safety.
