# **CUSTOM GRADE HANDGUN 3DIE SETS 45 ACP 3DIE SET Safety Instruction Guide**

## **Introduction**

Thank you for choosing the CUSTOM GRADE HANDGUN 3DIE SETS 45 ACP 3DIE SET by Hornady. This product is designed for safe and efficient reloading of handgun ammunition. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

## **General Safety Guidelines**

- Always handle reloading equipment with care and follow all safety instructions.
- Ensure the workspace is clean and free from distractions.
- Store reloading components, including dies and ammunition, in a secure location away from children.
- Use personal protective equipment (PPE) such as safety glasses when reloading.
- Regularly inspect your equipment for signs of wear or damage.
- Follow local regulations regarding the storage and handling of ammunition and reloading components.

## **Specific Safety Precautions for Use**

### **• Potential Hazards:**

- Risk of injury from improper handling of reloading dies.
- Risk of explosion or fire from improper storage of gunpowder and primers.
- Risk of damage to firearms from improperly sized or loaded ammunition.

### **• Avoiding Hazards:**

- Always ensure that the reloading press is securely mounted before use.
- Do not exceed the recommended load data provided in reputable reloading manuals.
- Keep gunpowder and primers away from heat sources and open flames.
- Ensure proper ventilation in the reloading area to minimize inhalation of dust or fumes.
- Never leave reloading equipment unattended while in use.

### **• Age Specific Warnings:**

- This product is intended for use by individuals aged 18 and older.
- Ensure that minors are supervised when using or in proximity to reloading equipment.

## **Instructions for Installation and Usage**

### **1. Setting Up the Reloading Dies:**

- Unpack the die set and ensure all components are present.
- Install the fulllength sizing die into the reloading press. Ensure it is tightened securely.
- Adjust the die according to the manufacturer's instructions for proper sizing depth.

### **2. Using the Adjustable Case Mouth Expander:**

- Install the case mouth expander die in the press.
- Adjust the expander to the desired case mouth diameter, ensuring a snug fit for bullet seating.

### **3. Bullet Seating Die:**

- Install the bullet seating die into the press.
- Use the floating bullet seater alignment sleeve to ensure proper alignment during seating.
- Adjust the seating depth according to your load specifications.

#### **4. Crimping Option:**

- If crimping is required, ensure the crimping feature is properly set up on the seating die.
- Test the crimp on a dummy round to ensure it meets specifications.

#### **5. Final Checks:**

- After setting up, doublecheck all adjustments and ensure everything is secure.
- Perform a test run with dummy rounds before loading live ammunition.

## **Disposal Instructions**

- Dispose of any unused or expired reloading components according to local regulations.
- Do not throw away gunpowder or primers in regular trash.
- Contact local authorities or hazardous waste disposal facilities for guidance on safe disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the CUSTOM GRADE HANDGUN 3DIE SETS 45 ACP 3DIE SET, please refer to the product packaging for the EUbased contact information.

## **Conclusion**

By following the instructions and safety guidelines outlined in this document, you can ensure a safe and efficient reloading experience. Always prioritize safety and compliance with local regulations when using reloading equipment. Thank you for your attention to these important safety measures.
