# Safety Instruction Guide for RCBS 3DIE CARBIDE TAPER CRIMP SET, 380 AUTO

## Introduction

Thank you for choosing the RCBS 3DIE CARBIDE TAPER CRIMP SET for your reloading needs. This guide provides essential safety instructions to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR). Please read and follow all instructions carefully to avoid any hazards.

## General Safety Guidelines

- Always ensure that your workspace is clean, dry, and welllit before beginning any reloading activity.
- Use personal protective equipment (PPE) such as safety glasses and gloves to protect yourself from potential hazards.
- Keep all reloading components, including this die set, out of reach of children and unauthorized individuals.
- Familiarize yourself with the specific requirements and recommendations for the 380 Auto cartridge before use.
- Always inspect your equipment and components for any damage or wear before starting the reloading process.

## Specific Safety Precautions for Use

- Ensure the die set is compatible with your reloading press and the 380 Auto cartridge.
- Do not exceed the recommended load data provided by reliable reloading manuals.
- Handle all components, including primers and powders, with care to prevent accidental ignition.
- Avoid distractions and stay focused while reloading to prevent mistakes.
- In case of an emergency or accident, stop all operations and assess the situation before proceeding.

## Instructions for Installation and Usage

### 1. Installation of the Die Set:

- Remove the die set from the packaging and inspect it for any visible damage.
- Mount the sizer die into your reloading press according to the manufacturer's instructions.
- Securely tighten the die to prevent movement during operation.
- Repeat the process for the expander die and the seater die.

### 2. Using the Sizer Die:

- Place a clean, dry case into the sizer die.
- Operate the press handle to resize the case. Ensure the case is fully sized before removing it.

### 3. Using the Expander Die:

- Insert the resized case into the expander die.
- Operate the press handle to expand the case mouth. This prepares the case for bullet seating.

### 4. Using the Seater Die:

- Place a bullet on the expanded case mouth.
- Insert the case into the seater die.
- Operate the press handle to seat the bullet to the desired depth.

- Adjust the die as necessary to achieve the correct bullet seating depth.

#### 5. **Crimping:**

- If using the taper crimp feature, adjust the die for the appropriate crimp.
- Insert the seated round into the crimp die and operate the press handle to apply the crimp.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of reloading components in regular household waste.
- Contact your local waste management facility for proper disposal methods of hazardous materials.

## Contact Information for Further Support

For any safety inquiries or support regarding the RCBS 3DIE CARBIDE TAPER CRIMP SET, please refer to the manufacturer's contact information provided on the packaging or user manual.

By following these safety instructions, you can ensure a safe and effective reloading experience with the RCBS 3DIE CARBIDE TAPER CRIMP SET. Always prioritize safety and consult additional resources as needed. Thank you for your commitment to responsible reloading practices.
