AMMOMASTER2 Reloading Press Safety Instructions

Introduction

Thank you for choosing the RCBS AmmoMaster2 Reloading Press. This guide provides important safety instructions to ensure the safe and effective use of your reloading press. Please read this manual thoroughly before using the product.

General Safety Guidelines

- Always wear appropriate safety gear, including safety glasses and hearing protection.
- Keep your work area clean and organized to prevent accidents.
- Ensure that the reloading press is placed on a stable and secure surface.
- Keep the reloading press out of reach of children and pets.
- Do not use the reloading press for any purpose other than its intended use.
- Follow all local laws and regulations regarding ammunition reloading.

Specific Safety Precautions for Use

- *Hazard Identification:* Risk of injury from moving parts. Risk of burns from hot components. Risk of explosion from improperly handled materials.
- *Avoiding Hazards:* Always keep hands and loose clothing away from moving parts during operation. Allow the press to cool down before touching any hot surfaces. Store all powders and primers in a cool, dry place, away from direct sunlight and heat sources. Never exceed recommended load limits for any materials used.

Instructions for Installation and Usage

- *Installation:*
 1. Choose a suitable location for the reloading press, ensuring it is on a stable workbench.
 2. Secure the press using the provided mounting hardware.
 3. Ensure all components are properly assembled according to the manufacturer's instructions.
- *Usage:*
 1. Read the reloading manual thoroughly before beginning the reloading process.
 2. Prepare your workspace by gathering all necessary materials, including brass cases, primers, powder, and bullets.
 3. Follow the specific instructions for each step of the reloading process, paying close attention to measurements and load specifications.
 4. After reloading, inspect each cartridge for defects before use.
 5. Clean the reloading press regularly to ensure optimal performance and safety.

Disposal Instructions

- Dispose of all used components, such as spent primers and excess powder, in accordance with local regulations.
- Do not dispose of ammunition or components in regular household waste.
- Contact local waste management authorities for guidance on the proper disposal of hazardous materials.

Contact Information for Further Support

For any inquiries regarding the safety and use of the RCBS AmmoMaster2 Reloading Press, please refer to the manufacturer's contact details provided on the product packaging or visit the official RCBS website.

By following these safety instructions, you can help ensure a safe and enjoyable reloading experience. Thank you for your attention to these important safety guidelines.
