

# GAS CHECKS - 45 CALIBER GAS CHECKS 1,000/BOX

[Reloading](#) > [Bullet Casting](#) > [Gas Checks](#)

If you cast your own bullets, Hornady's crimp-on gas checks will enhance their performance. During sizing, the gas check crimps to the base of cast lead bullets to seal gasses and protect the base from deformation. Hornady gas checks are the only real choice for bullet casters. Packaged 1000 per box.

# Safety Instruction Guide for Hornady 45 Caliber Gas Checks

## Introduction

Thank you for choosing Hornady 45 Caliber Gas Checks. These crimped gas checks are designed to enhance the performance of cast lead bullets by sealing gases and protecting the base from deformation. This guide provides essential safety information to ensure safe and effective use of the product.

## General Safety Guidelines

- Always handle gas checks with care to prevent injury.
- Keep gas checks out of reach of children and vulnerable individuals.
- Use only as instructed to avoid risks associated with improper use.
- Regularly check for product recalls and safety updates via the EU Safety Gate platform.
- Report any unsafe conditions or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that you are wearing appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling and installing gas checks.
- Avoid using gas checks that are damaged or deformed.
- Do not exceed the recommended load limits for your bullets, as this may lead to dangerous malfunctions.
- Always inspect your reloading equipment and workspace for safety before beginning any casting or loading process.
- Be aware of the potential hazards associated with lead exposure, and take necessary precautions to minimize inhalation and ingestion.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your workspace is clean and free from distractions.
- Gather all necessary tools and materials, including your casting equipment and gas checks.

### 2. Installation:

- Select the appropriate gas check size for your cast lead bullets (in this case, 45 caliber).
- Place the gas check onto the base of the bullet.
- Use a sizing die to crimp the gas check onto the bullet. Ensure the gas check is securely attached to prevent separation during firing.

### 3. Usage:

- Load the bullets into your firearm according to the manufacturer's guidelines.
- Always follow safe handling practices when operating your firearm.
- After firing, inspect the spent cases and bullets for any signs of malfunction or damage.

## Disposal Instructions

- Dispose of any unused or damaged gas checks in accordance with local regulations regarding hazardous materials.
- Ensure that lead waste is handled properly to prevent environmental contamination.

- Do not dispose of gas checks in regular household waste.

## **Contact Information for Further Support**

For questions or concerns regarding safety or product performance, please refer to the manufacturer's contact information provided on the product packaging or visit the official Hornady website.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we hope you enjoy using Hornady 45 Caliber Gas Checks responsibly.
