# Safety Instruction Guide for AP Powder Thru Expanders (PTX) 38/357 Caliber

## Introduction

Thank you for choosing the AP Powder Thru Expanders (PTX) 38/357 Caliber. This product is a component of the Hornady LockNLoad Auto Progressive Press (AP) accessories, designed to facilitate the fastest cartridge conversion available on the market. This guide provides important safety instructions to ensure the safe and effective use of this product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the product instructions before use.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage or wear before each use.
- Use the product only for its intended purpose as specified in the instructions.
- Report any unsafe conditions or product failures to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the AP Powder Thru Expanders are compatible with your Hornady LockNLoad Auto Progressive Press (AP).
- Wear appropriate safety gear, including safety glasses and gloves, during installation and use.
- Avoid contact with any moving parts during operation to prevent injury.
- Do not exceed the recommended load limits specified for the expanders.
- Always work in a wellventilated area to avoid inhaling any dust or particles.
- Store the product in a cool, dry place when not in use to prevent degradation.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the Hornady LockNLoad Auto Progressive Press (AP) is turned off and unplugged.
- Carefully remove the existing expander from the press, following the manufacturer's instructions.
- Select the appropriate AP Powder Thru Expander based on your cartridge size (38/357 caliber).
- Insert the new expander into the press, ensuring it is securely fastened.
- Doublecheck that all components are properly aligned before proceeding.

### 2. Usage:

- Turn on the Hornady LockNLoad Auto Progressive Press (AP) and allow it to reach operational speed.
- Begin the reloading process by following the specific instructions for your cartridge type.
- Monitor the operation closely, ensuring that the expander functions smoothly without obstruction.
- If any unusual noises or resistance occur, immediately stop the operation and inspect the expander for issues.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste and materials.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or support related to the AP Powder Thru Expanders (PTX), please reach out to the designated EU contact point for assistance.

By following these safety instructions, you can ensure a safe and efficient experience with your AP Powder Thru Expanders (PTX) 38/357 Caliber. Thank you for your commitment to safety and responsible use.
