

BULLET FEEDER PISTOL DIES - 380/9MM BULLET FEEDER DIE

[Reloading](#) > [Reloading Presses](#) > [Progressive Presses](#)

Use these Lock-N-Load Bullet Feeder Pistol Dies with the Lock-N-Load Bullet Feeder to speed your reloading process so you can spend more time at the range or in the field. Tube and collet design holds the bullet securely in the die until a fresh case contacts the collet for a smooth work flow. Solid steel construction ensures years of reloading. No special tools required, and each die is threaded in the 7/8"-14 industry standard. Lock-N-Load Bullet Feeder and Bullet Tubes available separately.

Safety Instruction Guide for BULLET FEEDER PISTOL DIES 380/9MM

Introduction

Thank you for choosing the BULLET FEEDER PISTOL DIES 380/9MM. These dies are designed to enhance your reloading process, allowing you to efficiently prepare ammunition for your shooting activities. Safety is paramount when using reloading equipment. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product.

General Safety Guidelines

- Always read and understand the user manual before using the product.
- Keep the product out of reach of children and unauthorized users.
- Use the product only for its intended purpose as described in the manual.
- Regularly inspect the product for any signs of wear or damage.
- Do not attempt to modify or repair the product without consulting the manufacturer.
- Ensure a safe and clean workspace when using the product.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when reloading.
- Be aware of your surroundings and ensure that no one is in the vicinity while operating the reloading equipment.

Specific Safety Precautions for Use

- Ensure that the LockNLoad Bullet Feeder is properly installed and secured before use.
- Do not overload the bullet feeder or exceed the manufacturer's recommended capacity.
- Always use the correct caliber of bullets as specified for the dies.
- Avoid placing your hands or any other objects near the die during operation.
- If you experience any malfunctions or issues, stop using the product immediately and consult the manufacturer.
- Store the dies in a safe and dry location when not in use.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is compatible with the BULLET FEEDER PISTOL DIES.
- Thread the die into the press using the 7/8"14 industry standard.
- Securely attach the LockNLoad Bullet Feeder to the die according to the manufacturer's instructions.

2. Usage:

- Load the bullet tubes with the appropriate caliber of bullets.
- Ensure that the collet is free of debris and properly lubricated.
- Start the reloading process by placing a fresh case in the press.
- The bullet feeder will automatically feed the bullet into the die as the case is raised.
- Monitor the process to ensure smooth operation and address any issues promptly.

Disposal Instructions

- Dispose of any packaging material in accordance with local regulations.
- If the product is no longer usable, ensure it is disposed of in a manner that prevents any potential

hazards.

- Consider recycling parts of the product where applicable, following local recycling guidelines.

Contact Information for Further Support

For any safety inquiries, product support, or to report unsafe conditions, please refer to the manufacturer's contact information provided with your product.

By following these safety instructions and guidelines, you can help ensure a safe reloading experience with the BULLET FEEDER PISTOL DIES 380/9MM. Always prioritize safety and stay informed about best practices in reloading.
