

BULLET FEEDER PISTOL DIES - 45 CALIBER BULLET FEEDER DIE

[Reloading](#) > [Reloading Presses](#) > [Progressive Presses](#)

Use these Lock-N-Load Bullet Feeder Pistol Dies with the Lock-N-Load Bullet Feeder to speed your reloading process so you can spend more time at the range or in the field. Tube and collet design holds the bullet securely in the die until a fresh case contacts the collet for a smooth work flow. Solid steel construction ensures years of reloading. No special tools required, and each die is threaded in the 7/8"-14 industry standard. Lock-N-Load Bullet Feeder and Bullet Tubes available separately.

BULLET FEEDER PISTOL DIES 45 CALIBER Safety Instruction Guide

Introduction

Thank you for choosing the BULLET FEEDER PISTOL DIES 45 CALIBER. These dies are designed to enhance your reloading process, allowing you to spend more time enjoying your shooting activities. This guide provides essential safety instructions to ensure the safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the product is used in accordance with the manufacturer's guidelines.
- Keep the dies and all related equipment out of reach of children and vulnerable individuals.
- Regularly inspect the dies for wear and tear; do not use damaged components.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls and safety alerts via the EU Safety Gate platform.

Specific Safety Precautions for Use

- Use only the appropriate caliber bullets specified for these dies to avoid malfunctions.
- Always wear safety glasses when reloading to protect your eyes from potential debris.
- Ensure that the work area is clean and free from distractions to maintain focus during operation.
- Do not attempt to modify or alter the dies in any way.
- Handle all components with care to prevent accidental discharge or injury.
- Ensure that the die is securely attached to the reloading press before use.
- Avoid overloading the die with bullets; follow the manufacturer's specifications for capacity.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is turned off and unplugged before installation.
- Thread the die into the reloading press using the 7/8"14 standard thread. Tighten securely but do not overtighten.
- Attach the bullet feeder tube to the die, ensuring it is properly aligned and secured.

2. Usage:

- Prepare your workspace by organizing all necessary components and tools.
- Load the bullet feeder tube with appropriate bullets, ensuring they are seated correctly.
- Insert a clean, empty case into the reloading press.
- Activate the press to allow the bullet feeder to dispense a bullet into the case.
- Monitor the operation closely to ensure smooth functioning and to prevent jams.
- After reloading, remove completed cartridges and store them safely.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for recycling options or designated disposal sites.
- Follow local guidelines for the disposal of any hazardous materials associated with reloading.

Contact Information for Further Support

For any inquiries regarding the product, please refer to the manufacturer's contact information provided in the product packaging or visit the manufacturer's official website.

Thank you for your attention to these safety instructions. Enjoy your reloading experience with the BULLET FEEDER PISTOL DIES 45 CALIBER. Stay safe and responsible while using this product.
