

FMJ 9MM CALIBER (0.355") PISTOL BULLETS - FULL METAL JACKET 9MM (0.355") 115GR ROUND NOSE 100/BOX

[Reloading](#) > [Bullets](#) > [Pistol Bullets](#)

Hornady® FMJ handgun bullets have long served as a standard for target shooting applications. Hornady® FMJ bullets are built with a rugged jacket and the difference in performance is clear. The thinly plated full metal jacket from other manufacturers is easily distorted and often breaks or separates when the bullet impacts the target. Hornady® FMJ bullets are carefully designed and manufactured to give superior functioning in semi-automatic handguns, and they deliver match-grade accuracy! FEATURES BUILT FOR COMPETITION: Expansion isn't an issue in action pistol shooting, so Hornady removed the expansion-aiding skives. The result is a bullet that delivers the accuracy its sleek appearance promises. NO EXPOSED LEAD: A jam can cost the match for a competitive shooter, and that's why Hornady's jacket protects the nose of Hornady's FMJ bullet. SWAGED CORE: The core of the FMJ bullet is cold swaged from pure lead to deliver consistency, balance and stability in flight. It delivers pinpoint accuracy with every shot.

Attributes

- Name: [FULL METAL JACKET 9MM \(0.355"\) 115GR ROUND NOSE 100/BOX](#)

Safety Instruction Guide for Hornady® FMJ 9MM Caliber Pistol Bullets

Introduction

Thank you for choosing Hornady® FMJ 9MM Caliber (0.355") Pistol Bullets. This guide provides essential safety instructions to ensure the safe use and handling of this product. Please read and follow all instructions carefully to maximize safety and performance.

General Safety Guidelines

- Ensure that you are of legal age and have the necessary permits to purchase and use ammunition in your jurisdiction.
- Always treat all ammunition as if it is live and capable of firing.
- Store ammunition in a cool, dry place away from direct sunlight and moisture.
- Keep ammunition out of reach of children and unauthorized persons.
- Be aware of your surroundings and ensure that you are in a safe location when handling or using ammunition.
- Regularly inspect your ammunition for signs of damage or deterioration before use.

Specific Safety Precautions for Use

- Always use the appropriate firearm that is designed to handle 9MM caliber ammunition.
- Before loading, ensure the firearm is pointed in a safe direction and the safety is engaged.
- Wear appropriate eye and ear protection when using ammunition.
- Do not exceed the manufacturer's recommended load specifications.
- Avoid using damaged or modified firearms, as they may not safely handle the ammunition.
- Always follow the firearm manufacturer's instructions for loading, unloading, and operating the firearm.

Instructions for Installation and Usage

- Ensure that you have the correct ammunition for your firearm. Verify the caliber and specifications before use.
- Load the ammunition into the magazine according to the manufacturer's instructions for your firearm.
- When ready to fire, ensure that the firearm is pointed downrange and that the area is clear of obstructions and bystanders.
- After firing, always check the firearm for any malfunctions or obstructions before reloading.
- If a misfire occurs, wait 30 seconds before attempting to clear the firearm, as the round may fire unexpectedly.

Disposal Instructions

- Dispose of any unused or damaged ammunition in accordance with local regulations.
- Do not throw ammunition in the regular trash. Contact local waste management authorities for proper disposal methods.
- If you have questions about disposal, consult with local law enforcement or hazardous waste management services.

Contact Information for Further Support

For any safety inquiries or concerns regarding this product, please contact the manufacturer or your local dealer. Ensure you have the product information available for reference.

This safety instruction guide complies with the EU General Product Safety Regulation (GPSR) and is designed to provide you with the necessary information to use Hornady® FMJ 9MM Caliber Pistol Bullets safely and responsibly. Always prioritize safety and follow the guidelines provided.
