

# LOCK-N-LOAD NECK TURNING TOOL

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Neck Turning Tools](#)

The new Hornady® Neck Turn Tool saves hand loaders time and effort at the workbench. Designed for use on a wide variety of case lengths, the Hornady® Neck Turn Tool allows for the use of a cordless drill to make neck turning faster and easier, while providing superior consistency and surface finish. An adjustment knob enables the user to choose detents for .0005" adjustment increments, or no detents for infinite adjustment. Each neck turn tool will come with a 22 cal, 6mm, 6.5mm, and 30 cal mandrel. The Hornady® Neck Turn tool is a winning solution for precision hand loaders who want to maximize their case care productivity. SHELL HOLDERS NOT INCLUDED

# LOCKNLOAD NECK TURNING TOOL Safety Instructions

## Introduction

Thank you for choosing the Hornady® LOCKNLOAD NECK TURNING TOOL. This tool is designed to enhance your hand loading experience by providing a reliable and efficient method for neck turning. To ensure your safety and the longevity of your tool, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always use the tool in accordance with the manufacturer's instructions.
- Ensure that the tool is in good working condition before use.
- Keep the work area clean and welllit to avoid accidents.
- Do not use the tool for any purpose other than its intended use.
- Store the tool in a safe place, out of reach of children and pets.
- Regularly inspect the tool for wear and tear. Replace any damaged components immediately.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the tool.
- Ensure that the cordless drill is compatible with the Neck Turn Tool before use.
- Do not exceed the recommended speed settings on your drill when using the Neck Turn Tool.
- Keep hands and loose clothing away from moving parts during operation.
- Use the adjustment knob carefully to avoid sudden movements that could cause injury.
- If you experience any unusual noise or vibration during operation, stop using the tool immediately and inspect it for issues.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary materials, including the Neck Turn Tool, a cordless drill, and appropriate mandrels (22 cal, 6mm, 6.5mm, and 30 cal).
- Ensure your work surface is stable and clean.

### 2. Installation

- Attach the appropriate mandrel to the Neck Turn Tool.
- Insert the Neck Turn Tool into the chuck of your cordless drill securely.

### 3. Adjustment

- Use the adjustment knob to set the desired detent for neck turning. You can choose between .0005" adjustment increments or no detents for infinite adjustment.

### 4. Operation

- Place the case onto the mandrel and ensure it is securely held in place.
- Activate the drill and begin the neck turning process, maintaining a steady hand and consistent pressure.

- Monitor the operation closely, and do not leave the tool unattended while in use.

## 5. Completion

- Once the neck turning is complete, turn off the drill and carefully remove the case from the mandrel.
- Clean the tool and work area after use to maintain safety and hygiene.

## Disposal Instructions

- Dispose of the tool and any damaged parts in accordance with local regulations for electronic waste.
- Do not dispose of the tool in regular household waste.
- Check with local waste management authorities for proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the use of the Hornady® LOCKNLOAD NECK TURNING TOOL, please contact your local Hornady representative or authorized dealer for assistance.

Thank you for following these safety instructions. Enjoy a safe and productive hand loading experience with your new tool!
