

22 CALIBER TIPPED MATCHKING BULLETS - SIERRA BULLETS TIPPED MATCHKING 22 CALIBER (.224") 77GR PTBT 500/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

Sierra has enhanced a segment of the MatchKing line by adding the acetal resin tip, thus crowning the Tipped MatchKing (TMK) bullet line. The major advantage of adding a tip to the bullet is the reduction of drag, producing a more favorable ballistic coefficient. Another benefit is reliable feeding in magazine fed firearms. Although the MatchKing line is recognized around the world for record setting accuracy, like their untipped counterparts, Tipped MatchKing (TMK) bullets are not recommended for hunting anything larger than varmints. Having heavier jackets than our Hornet or Blitz line of bullets, these bullets will not provide the same explosive expansion on small varmints.

Attributes

- Name: [SIERRA BULLETS TIPPED MATCHKING 22 CALIBER \(.224"\) 77GR PTBT 500/BOX](#)
- Manufacturer: [SIERRA BULLETS](#)
- Product no.: 749016110
- Mfr. No.: 7177C
- Ballistic Coefficient (G1): 0.420
- Brand Style: Tipped MatchKing
- Bullet Style: Tipped MatchKing (TMK)
- Caliber: 22 Caliber
- Diameter (in): 0.224
- Grain: 77
- Sectional Density: 0.219
- Quantity: 500
- Delivery weight: 2.563kg
- Shipping height: 61mm
- Shipping width: 112mm
- Shipping length: 122mm
- UPC: 092763571774

Safety Instruction Guide for 22 Caliber Tipped MatchKing Bullets

Introduction

Thank you for choosing the 22 Caliber Tipped MatchKing Bullets by Sierra Bullets. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read this document carefully before using the bullets.

General Safety Guidelines

- Ensure that you are familiar with the laws and regulations regarding ammunition in your area before purchasing or using this product.
- Always store ammunition in a cool, dry place away from children and unauthorized users.
- Handle all ammunition with care, treating it as if it is loaded at all times.
- Use appropriate personal protective equipment (PPE) such as safety glasses and hearing protection when handling or shooting firearms.
- Regularly inspect your firearms to ensure they are in proper working condition before use.

Specific Safety Precautions for Use

- Only use these bullets in firearms specifically designed for 22 caliber ammunition.
- Do not attempt to modify or alter the bullets in any way, as this can lead to unsafe conditions.
- Avoid using Tipped MatchKing bullets for hunting larger game; they are intended for target shooting and varmint hunting only.
- Be aware that these bullets have heavier jackets, which may not provide explosive expansion on small varmints.
- Always follow the manufacturer's loading data and guidelines when reloading ammunition.

Instructions for Installation and Usage

- Ensure that your firearm is unloaded before installing or handling the bullets.
- Carefully follow the reloading instructions provided by the manufacturer, including:
 - Selecting the appropriate powder type and charge weight.
 - Using the correct seating depth for the bullets.
- After loading, check that the ammunition is properly seated and that there are no visible defects.
- When ready to shoot:
 - Ensure your shooting area is safe and free from obstructions.
 - Always aim your firearm in a safe direction and be aware of your surroundings.
 - Follow all standard shooting range rules and regulations.

Disposal Instructions

- Dispose of any unused or damaged bullets in accordance with local regulations.
- Do not throw ammunition into regular trash or recycling bins.
- Contact local waste management authorities for guidance on proper disposal methods for hazardous materials.

Contact Information for Further Support

For any safety inquiries or concerns regarding the 22 Caliber Tipped MatchKing Bullets, please refer to the manufacturer's website or contact their customer service directly.

By following these guidelines, you can ensure a safe and enjoyable experience with your 22 Caliber Tipped MatchKing Bullets. Thank you for your attention to safety.
