

MATCH GRADE BUSHING - .250" DIAMETER MATCH BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Hornady match Grade Dies feature interchangeable neck sizing bushings that are self centering. The bushings allow the user to size the case neck to the bullet tension you desire. This eliminates the chance of over-sizing your case necks and overworking the brass. Bushings are available in .002 inch increments. The Match Grade Full Length Die will size the case body, bump the shoulder and size the case neck with the selected bushing. The Match Grade Neck Die sizes the neck with the installed bushing and bumps the shoulder only (no body sizing). Both versions feature a self centering decap spindle with an o-ring spindle tensioner, and the elliptical expander ball with headed decap pin - the same pin used in the Custom Grade Dies. These bushing sizer dies have some unique features and are very well made and finished.

Attributes

- Name: [.250" DIAMETER MATCH BUSHING](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749016852
- Mfr. No.: 594250

MATCH GRADE BUSHING Safety Instruction Guide

Introduction

Thank you for choosing the MATCH GRADE BUSHING .250" DIAMETER MATCH BUSHING by Hornady. This product is designed for precision reloading and is equipped with features that enhance safety and usability. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always handle reloading equipment with care and follow all safety instructions.
- Ensure that you are familiar with the reloading process and understand the functionality of the bushings.
- Keep all reloading components, including the bushings, out of reach of children and vulnerable individuals.
- Regularly inspect the bushing for any signs of wear or damage before use.
- Use only compatible components as specified in the product guidelines to prevent hazards.
- In case of any accidents or unsafe product experiences, report them to the relevant authorities.

Specific Safety Precautions for Use

- Wear appropriate safety gear, including safety glasses, when using the bushing.
- Ensure that the work area is clean and free from any obstructions that could cause accidents.
- Do not exceed recommended sizing increments to avoid oversizing the case necks.
- Handle the bushing with care to avoid injury from sharp edges.
- Always follow the manufacturer's instructions for installation and usage to prevent misuse.

Instructions for Installation and Usage

1. Installation of the Bushing:

- Ensure that the die is clean and free of debris.
- Carefully insert the bushing into the neck sizing die until it is securely in place.
- Confirm that the bushing is properly seated before proceeding.

2. Using the Match Grade Full Length Die:

- Insert the case into the die with the selected bushing installed.
- Make sure the die is securely mounted in the press.
- Pull the handle to size the case body, bump the shoulder, and size the neck as needed.

3. Using the Match Grade Neck Die:

- Insert the case into the neck die with the installed bushing.
- Ensure the die is properly secured in the press.
- Pull the handle to size the neck and bump the shoulder without sizing the body.

4. PostUsage:

- Remove the case and check for proper sizing.
- Clean the bushing and die after use to maintain performance.
- Store the bushing in a safe, dry place away from children.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not throw the bushing in regular waste; check for proper recycling options.
- Ensure that all components are disposed of safely to prevent any environmental hazards.

Contact Information for Further Support

For any questions or concerns regarding the MATCH GRADE BUSHING, please refer to the manufacturer's customer support resources. It is essential to have a reliable point of contact for safety inquiries and to stay informed about product recalls or safety updates.

Thank you for your attention to these safety guidelines. Your safety and the safe operation of your reloading equipment are of utmost importance. Enjoy your precision reloading experience with the MATCH GRADE BUSHING!
