

MATCH GRADE BUSHING - .257" DIAMETER MATCH BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Hornady match Grade Dies feature interchangeable neck sizing bushings that are self centering. The bushings allow the user to size the case neck to the bullet tension you desire. This eliminates the chance of over-sizing your case necks and overworking the brass. Bushings are available in .002 inch increments. The Match Grade Full Length Die will size the case body, bump the shoulder and size the case neck with the selected bushing. The Match Grade Neck Die sizes the neck with the installed bushing and bumps the shoulder only (no body sizing). Both versions feature a self centering decap spindle with an o-ring spindle tensioner, and the elliptical expander ball with headed decap pin - the same pin used in the Custom Grade Dies. These bushing sizer dies have some unique features and are very well made and finished.

Attributes

- Name: [.257" DIAMETER MATCH BUSHING](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749016855
- Mfr. No.: 594257

Safety Instruction Guide for MATCH GRADE BUSHING .257" DIAMETER MATCH BUSHING

Introduction

Thank you for choosing the MATCH GRADE BUSHING .257" DIAMETER MATCH BUSHING from Hornady. This product is designed to provide precision and versatility in your reloading process. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always follow the manufacturer's instructions when using this product.
- Ensure that the workspace is clean and free from distractions while working with reloading equipment.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling components.
- Keep this product out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recalls or safety updates related to this product on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Handle the bushing and dies with care to prevent injury or damage.
- Ensure that the bushing is properly installed before using the neck sizing die.
- Avoid overtightening the bushing, as this may cause damage to the die or the bushing itself.
- Do not exceed the recommended sizing increments of .002 inches to avoid oversizing case necks.
- Always inspect the bushing for wear or damage before use. Replace if necessary.
- Use a suitable lubricant on the case necks to ensure smooth sizing and prevent case damage.

Instructions for Installation and Usage

Installation

1. **Prepare the Work Area:** Ensure that your workspace is clean and organized. Gather all necessary tools and materials.
2. **Select the Correct Bushing:** Choose the appropriate bushing size based on your desired bullet tension.
3. **Install the Bushing:**
 - Remove the die from the press.
 - Insert the selected bushing into the neck sizing die.
 - Ensure that it is seated correctly and securely.
4. **Reattach the Die:** Place the die back onto the press and secure it according to the manufacturer's instructions.

Usage

1. **Prepare Cases for Sizing:**
 - Clean and inspect your brass cases before sizing.
 - Apply a light coat of lubricant to the case necks.
2. **Size the Cases:**
 - Place a case into the die and raise the ram to size the neck.
 - Lower the ram and remove the sized case.
3. **Bump the Shoulder:**
 - If using the Match Grade Neck Die, this process will bump the shoulder without sizing the body.
4. **Repeat:** Continue the process for all cases as needed, ensuring to check the bushing and die for any signs of wear or damage after each use.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Recycle brass cases and other materials where applicable.
- Follow your local waste disposal guidelines for any hazardous materials.

Contact Information for Further Support

For any safety inquiries or additional support regarding the MATCH GRADE BUSHING .257" DIAMETER MATCH BUSHING, please refer to the manufacturer's contact details provided with your product packaging.

By following these guidelines and instructions, you can ensure a safe and effective reloading experience with the MATCH GRADE BUSHING. Thank you for your attention to safety and for choosing Hornady products.
