

MATCH GRADE BUSHING - .259" DIAMETER MATCH BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Hornady match Grade Dies feature interchangeable neck sizing bushings that are self centering. The bushings allow the user to size the case neck to the bullet tension you desire. This eliminates the chance of over-sizing your case necks and overworking the brass. Bushings are available in .002 inch increments. The Match Grade Full Length Die will size the case body, bump the shoulder and size the case neck with the selected bushing. The Match Grade Neck Die sizes the neck with the installed bushing and bumps the shoulder only (no body sizing). Both versions feature a self centering decap spindle with an o-ring spindle tensioner, and the elliptical expander ball with headed decap pin - the same pin used in the Custom Grade Dies. These bushing sizer dies have some unique features and are very well made and finished.

Attributes

- Name: [.259" DIAMETER MATCH BUSHING](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749016857
- Mfr. No.: 594259

Safety Instruction Guide for MATCH GRADE BUSHING .259" DIAMETER MATCH BUSHING

Introduction

Thank you for choosing the Hornady Match Grade Bushing. This product is designed for precision reloading and offers a range of features to enhance your reloading experience. To ensure your safety and the optimal performance of this product, please carefully read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always handle reloading equipment with care and respect.
- Ensure that your work area is clean, organized, and free from distractions.
- Keep this product out of reach of children and unauthorized users.
- Use this product only for its intended purpose as specified in this manual.
- Regularly inspect the bushing and dies for wear or damage before use.
- If you notice any irregularities or defects, discontinue use immediately and consult a professional.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses, when using reloading equipment.
- Ensure the bushing is properly installed in the die before use.
- Do not exceed the recommended sizing limits for your brass; refer to the manufacturer's guidelines.
- Avoid placing fingers or hands near moving parts during operation.
- Be cautious of hot surfaces; some components may become hot during use.
- Store the bushing and dies in a secure location when not in use to prevent unauthorized access.

Instructions for Installation and Usage

Installation

1. Prepare Your Workspace:

- Ensure your reloading bench is clean and organized.
- Gather all necessary tools and materials.

2. Install the Bushing:

- Select the appropriate .259" diameter bushing for your application.
- Insert the bushing into the die, ensuring it is seated properly.
- Tighten any locking mechanisms according to the manufacturer's instructions.

3. Setup the Die:

- Attach the Match Grade Full Length Die to your reloading press.
- Adjust the die to the desired setting for case neck sizing.

Usage

1. Reloading Process:

- Insert the case into the reloading press.
- Operate the press to size the case neck using the installed bushing.

- For the Match Grade Neck Die, follow similar steps, ensuring only the neck is sized.

2. PostUse Care:

- After use, carefully clean the bushing and die to remove any debris.
- Store the bushing in a safe and dry location.

Disposal Instructions

- Dispose of any unused or damaged bushings and dies in accordance with local regulations.
- Do not dispose of the product in regular household waste if it is deemed hazardous.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and usage of the Hornady Match Grade Bushing, please refer to the manufacturer's contact information provided with your product packaging.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with your Hornady Match Grade Bushing. Always remain vigilant and prioritize safety in your reloading practices. Thank you for your attention to these guidelines.
