

MATCH GRADE BUSHING - .314" DIAMETER MATCH BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Hornady match Grade Dies feature interchangeable neck sizing bushings that are self centering. The bushings allow the user to size the case neck to the bullet tension you desire. This eliminates the chance of over-sizing your case necks and overworking the brass. Bushings are available in .002 inch increments. The Match Grade Full Length Die will size the case body, bump the shoulder and size the case neck with the selected bushing. The Match Grade Neck Die sizes the neck with the installed bushing and bumps the shoulder only (no body sizing). Both versions feature a self centering decap spindle with an o-ring spindle tensioner, and the elliptical expander ball with headed decap pin - the same pin used in the Custom Grade Dies. These bushing sizer dies have some unique features and are very well made and finished.

Attributes

- Name: [.314" DIAMETER MATCH BUSHING](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749016879
- Mfr. No.: 594314

MATCH GRADE BUSHING Safety Instruction Guide

Introduction

Thank you for choosing the MATCH GRADE BUSHING .314" DIAMETER MATCH BUSHING by Hornady. This product is designed for precision reloading and offers interchangeable neck sizing bushings that enhance your reloading experience. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure safe use of the MATCH GRADE BUSHING by following these guidelines:
 - Always handle the product with care and keep it out of reach of children.
 - Use the product only for its intended purpose as described in this guide.
 - Inspect the bushing and dies for any signs of damage before use. Do not use damaged components.
 - Wear appropriate safety gear, including eye protection, when using reloading equipment.
 - Store the bushing in a dry, cool place to prevent corrosion or damage.

Specific Safety Precautions for Use

- When using the MATCH GRADE BUSHING, please take the following precautions:
 - Ensure that your workspace is clean and free from distractions.
 - Avoid oversizing your case necks to prevent potential hazards associated with overworked brass.
 - Always use the correct bushing size for your specific bullet tension requirements.
 - Follow the manufacturer's instructions for installation and adjustments.
 - Be cautious when handling reloaded ammunition and ensure it is stored properly.

Instructions for Installation and Usage

- To install and use the MATCH GRADE BUSHING, follow these steps:

1. Installation of the Bushing:

- Remove the die from the press if it is already installed.
- Insert the desired bushing into the neck sizing die, ensuring it is seated properly.
- Secure the die back into the press according to the manufacturer's instructions.

2. Using the Match Grade Full Length Die:

- Adjust the die to size the case body and bump the shoulder as needed.
- Insert the case into the die and operate the press to size the case neck with the selected bushing.

3. Using the Match Grade Neck Die:

- Install the neck die with the bushing in place.
- Insert the case neck into the die and operate the press to size the neck only, bumping the shoulder as necessary.

4. PostUse Maintenance:

- Clean the bushing and dies after use to prevent buildup of debris.
- Store the bushing in its designated case to avoid damage.

Disposal Instructions

- When disposing of the MATCH GRADE BUSHING, follow these guidelines:
 - Do not dispose of the product in regular household waste.
 - Check local regulations for proper disposal of metal products.
 - If the product is damaged or no longer usable, consider recycling as per local recycling guidelines.

Contact Information for Further Support

For any inquiries or concerns regarding the MATCH GRADE BUSHING, please refer to the contact information provided on the product packaging or the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the MATCH GRADE BUSHING .314" DIAMETER MATCH BUSHING. Always prioritize safety and stay informed about any updates or recalls related to the product. Thank you for choosing Hornady for your reloading needs.
