

# MATCH GRADE BUSHING - .329" DIAMETER MATCH BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Hornady match Grade Dies feature interchangeable neck sizing bushings that are self centering. The bushings allow the user to size the case neck to the bullet tension you desire. This eliminates the chance of over-sizing your case necks and overworking the brass. Bushings are available in .002 inch increments. The Match Grade Full Length Die will size the case body, bump the shoulder and size the case neck with the selected bushing. The Match Grade Neck Die sizes the neck with the installed bushing and bumps the shoulder only (no body sizing). Both versions feature a self centering decap spindle with an o-ring spindle tensioner, and the elliptical expander ball with headed decap pin - the same pin used in the Custom Grade Dies. These bushing sizer dies have some unique features and are very well made and finished.

## Attributes

- Name: [.329" DIAMETER MATCH BUSHING](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749016881
- Mfr. No.: 594329

# Safety Instruction Guide for MATCH GRADE BUSHING .329" DIAMETER MATCH BUSHING

## Introduction

Thank you for choosing the Hornady Match Grade Bushing. This product is designed to enhance your reloading experience by providing precise neck sizing for your cases. It is essential to follow the safety guidelines outlined in this document to ensure safe and effective use of the product.

## General Safety Guidelines

- Always read and understand the product instructions before use.
- Keep the product out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose.
- Inspect the bushing and dies regularly for any signs of damage or wear.
- If you notice any defects or irregularities, discontinue use immediately and contact the manufacturer.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that you are using the correct bushing size for your specific application.
- Do not exceed the recommended sizing increments to avoid damaging your cases.
- Always wear safety glasses when operating reloading equipment to protect your eyes from debris.
- Handle all reloading components with care, following proper procedures for storage and handling.
- Keep your workspace clean and organized to minimize the risk of accidents.
- Avoid distractions while using the product to maintain focus and safety.

## Instructions for Installation and Usage

### 1. Installation of the Bushing:

- Ensure the die is clean and free of debris.
- Select the appropriate bushing size (.329" diameter) for your application.
- Insert the bushing into the neck sizing die until it is firmly seated.
- Ensure that the bushing is properly aligned and secured.

### 2. Sizing the Case Neck:

- Place the case into the shell holder of your reloading press.
- Raise the ram to bring the case into contact with the bushing.
- Apply steady pressure to size the neck of the case.
- Lower the ram and remove the sized case from the shell holder.

### 3. Bumping the Shoulder:

- For the Match Grade Neck Die, the shoulder will be bumped during the sizing process.
- Ensure that the die is set to the correct depth for your specific needs.

### 4. PostUse Maintenance:

- Clean the bushing and die after each use to prevent buildup of residue.
- Store the bushing in a dry place, away from moisture and extreme temperatures.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings according to local regulations.
- Do not throw away reloading components in regular household waste.
- Check with local authorities for proper disposal methods for reloading materials.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the Hornady Match Grade Bushing, please refer to the manufacturer's website or customer service for assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Hornady Match Grade Bushing. Thank you for your attention to these important guidelines.
