

MATCH GRADE BUSHING - .330" DIAMETER MATCH BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Hornady match Grade Dies feature interchangeable neck sizing bushings that are self centering. The bushings allow the user to size the case neck to the bullet tension you desire. This eliminates the chance of over-sizing your case necks and overworking the brass. Bushings are available in .002 inch increments. The Match Grade Full Length Die will size the case body, bump the shoulder and size the case neck with the selected bushing. The Match Grade Neck Die sizes the neck with the installed bushing and bumps the shoulder only (no body sizing). Both versions feature a self centering decap spindle with an o-ring spindle tensioner, and the elliptical expander ball with headed decap pin - the same pin used in the Custom Grade Dies. These bushing sizer dies have some unique features and are very well made and finished.

Attributes

- Name: [.330" DIAMETER MATCH BUSHING](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749016882
- Mfr. No.: 594330

MATCH GRADE BUSHING Safety Instruction Guide

Introduction

Thank you for choosing the MATCH GRADE BUSHING .330" DIAMETER MATCH BUSHING by Hornady. This product is designed to enhance your reloading experience by providing precise neck sizing capabilities. To ensure your safety and the safe use of this product, please carefully read and follow the instructions outlined in this guide.

General Safety Guidelines

- Always use the MATCH GRADE BUSHING in accordance with the manufacturer's instructions.
- Ensure that the workspace is clean, welllit, and free from distractions while using the product.
- Keep the product out of reach of children and unauthorized users.
- Regularly check the product for signs of wear or damage. Do not use if damaged.
- Be aware of potential hazards associated with reloading and handling ammunition components.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the MATCH GRADE BUSHING.
- Ensure that the bushing is properly installed before using the die to avoid accidents.
- Do not exceed the recommended sizing increments; use the bushings in .002 inch increments as specified.
- Avoid oversizing the case necks to prevent excessive brass working and potential case failure.
- Store the bushings in a safe, dry place when not in use to prevent corrosion or damage.

Instructions for Installation and Usage

1. Installation of Bushing:

- Select the appropriate bushing size for your desired bullet tension.
- Remove the decap spindle from the die by unscrewing it.
- Insert the selected bushing into the die, ensuring it is securely seated.
- Reinstall the decap spindle, ensuring it is tightened to prevent movement.

2. Using the Match Grade Full Length Die:

- Insert the case into the die.
- Operate the press to size the case body, bump the shoulder, and size the neck with the selected bushing.
- Check the neck tension and adjust the bushing size as necessary for optimal performance.

3. Using the Match Grade Neck Die:

- Insert the case into the neck die.
- Operate the press to size the neck only, while bumping the shoulder.
- Again, check the neck tension and adjust as needed.

4. PostUse Care:

- Clean the bushing and die after use to remove any debris or residue.
- Store the bushing and die in a protective case or container to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of the product in household waste. Follow local guidelines for the disposal of metal and other materials.
- If the product is recalled or deemed unsafe, return it to the manufacturer or designated collection point as instructed.

Contact Information for Further Support

For any safety inquiries or concerns regarding the MATCH GRADE BUSHING, please refer to the manufacturer's contact information provided with your product packaging. It is important to reach out to a qualified representative for assistance.

Conclusion

By following the safety guidelines and instructions provided in this guide, you can ensure a safe and effective reloading experience with the MATCH GRADE BUSHING. Remember to stay informed about product recalls and safety updates through the appropriate channels. Thank you for prioritizing safety in your reloading activities.
