

MATCH GRADE BUSHING - .364" DIAMETER MATCH BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Hornady match Grade Dies feature interchangeable neck sizing bushings that are self centering. The bushings allow the user to size the case neck to the bullet tension you desire. This eliminates the chance of over-sizing your case necks and overworking the brass. Bushings are available in .002 inch increments. The Match Grade Full Length Die will size the case body, bump the shoulder and size the case neck with the selected bushing. The Match Grade Neck Die sizes the neck with the installed bushing and bumps the shoulder only (no body sizing). Both versions feature a self centering decap spindle with an o-ring spindle tensioner, and the elliptical expander ball with headed decap pin - the same pin used in the Custom Grade Dies. These bushing sizer dies have some unique features and are very well made and finished.

Attributes

- Name: [.364" DIAMETER MATCH BUSHING](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749016889
- Mfr. No.: 594364

MATCH GRADE BUSHING Safety Instruction Guide

Introduction

Thank you for choosing the Hornady Match Grade Bushing. This product is designed for precision reloading, allowing users to achieve the desired bullet tension while ensuring the safe operation of your reloading equipment. Please read this safety instruction guide carefully to understand how to use this product safely and effectively.

General Safety Guidelines

- Always follow the manufacturer's instructions when using the Match Grade Bushing.
- Ensure that your reloading area is clean, organized, and free of distractions.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling reloading materials.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the bushing for wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper use of the Match Grade Bushing may lead to incorrect bullet tension, which can affect shooting performance and safety.
- Oversizing or undersizing of case necks can lead to misfires or damage to the firearm.

- **Avoiding Hazards:**

- Always ensure the bushing is securely installed before using the die.
- Do not exceed the recommended specifications for case neck sizing.
- Do not use the bushing for purposes other than intended.

- **Age Specific Warnings:**

- This product is intended for use by adults only. Ensure that minors do not have access to the product without supervision.

Instructions for Installation and Usage

- **Installation:**

1. Ensure that your reloading press is securely mounted and stable.
2. Remove the die from its packaging and inspect it for any visible damage.
3. Select the desired bushing size (in this case, .364" diameter).
4. Insert the bushing into the Match Grade Neck Die according to the manufacturer's instructions.
5. Securely tighten the bushing in place to prevent movement during operation.

- **Usage:**

1. Prepare the brass cases by cleaning and inspecting them for damage.
2. Insert the prepared case into the reloading press.
3. Adjust the die to the desired depth for neck sizing.

4. Operate the press to size the case neck, ensuring that the bushing is functioning correctly.
5. Inspect the sized case to verify that it meets your specifications.
6. Repeat the process for all cases as needed.

- **PostUse:**

- Clean the bushing and die after use to maintain optimal performance.
- Store the bushing in a safe, dry place away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not throw the product in regular household waste. Instead, check with local waste management authorities for specific disposal guidelines.

Contact Information for Further Support

For any questions or concerns regarding the Match Grade Bushing, please contact your local Hornady representative or visit the official Hornady website for additional resources and support.

Thank you for prioritizing safety in your reloading practices. Enjoy your experience with the Hornady Match Grade Bushing!
