AUTO CHARGE™ PRO Safety Instruction Guide

Introduction

Thank you for choosing the Hornady® Auto Charge Pro. This guide provides essential safety instructions and usage guidelines to ensure safe operation of your powder dispensing unit. Please read this guide carefully before use to maximize safety and performance.

General Safety Guidelines

- Always ensure the Auto Charge Pro is used in accordance with the manufacturer's instructions.
- Keep the unit out of reach of children and vulnerable individuals.
- Inspect the product for any visible damage before use. Do not operate if damaged.
- Use the product only for its intended purpose as described in this manual.
- Avoid exposing the unit to moisture, extreme temperatures, or direct sunlight.
- Ensure that the work area is clean and free from distractions when operating the unit.
- Report any unsafe conditions or product malfunctions to the appropriate authorities.

Specific Safety Precautions for Use

- **Electrical Safety:**
 - Only use the Auto Charge Pro with the specified voltage and power supply.
 - Do not operate the unit with wet hands or in wet conditions.
- **Powder Handling:**
 - Use caution when handling gunpowder and ensure it is stored in a safe location.
 - Avoid inhalation of powder dust and use appropriate protective equipment if necessary.
- **Calibration:**
 - Regularly calibrate the unit to ensure accurate powder dispensing.
- **Storage:**
 - Store the Auto Charge Pro in a cool, dry place when not in use.
 - Ensure the unit is powered off and unplugged during storage.
- **Disposal:**
 - Dispose of any unused powder and packaging materials in accordance with local regulations.

Instructions for Installation and Usage

1. Installation:

- Place the Auto Charge Pro on a stable and level surface.
- Ensure there is adequate space around the unit for ventilation.
- Plug the unit into an appropriate electrical outlet.

2. Setup:

- Turn on the unit using the power button.
- Follow the onscreen instructions to set up your preferred dispensing settings.
- Adjust the trickle speed and time settings according to the type of powder being used.

3. Dispensing Powder:

- Ensure the container for receiving the powder is clean and dry.
- Select the desired load setting from the stored options or use the factory setting.
- Start the dispensing process by following the onscreen prompts.
- Monitor the dispensing process and ensure it is functioning correctly.

4. Emptying Powder:

- Use the large knob on the side of the unit to simplify powder emptying.
- Ensure that the unit is turned off before attempting to empty any remaining powder.

Disposal Instructions

- Dispose of any unused powder according to local hazardous waste regulations.
- Recycle packaging materials where applicable.
- Do not dispose of the Auto Charge Pro in regular household waste. Follow local guidelines for electronic waste disposal.

Contact Information for Further Support

For any inquiries regarding the safety and operation of the Auto Charge Pro, please consult the manufacturer's website or contact your local retailer.

Thank you for your attention to these safety instructions. Your adherence to these guidelines ensures not only your safety but also the longevity and performance of the Auto Charge Pro. Enjoy your reloading experience!
