

V-MAX 5.45 CALIBER (0.2215") BULLETS - V-MAX® 5.45MM (0.2215") 60GR POLYMER TIP FLAT BASE 100/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

With its combination of proven materials, innovative design and streamlined profile, the Hornady® V-MAX® represents the pinnacle of what a specialized varmint bullet can achieve, offering straight-line trajectories, enhanced accuracy, dramatic expansion and explosive fragmentation at a wide range of distances and velocities. The industry's leading varmint bullet with polymer tip and streamlined design results in flat trajectories. The concentricity of the match grade AMP® bullet jacket provides maximum accuracy at all ranges as well as explosive expansion, even at velocities as low as 1600 fps. Product Features POLYMER TIP The secret to the explosive terminal performance of the V-Max® is a hollow cavity resting between the tip's shaft and the body of the bullet. Upon impact, the hard shaft builds up speed and energy before driving into the core, causing the entire package to rapidly expand to the point of violent fragmentation, even at low terminal velocities. HIGHER BALLISTIC COEFFICIENT Hornady® combines the sharp, pointed polymer tip with the most aerodynamic profile for a high ballistic coefficient. The V-MAX® profile also provides the maximum bearing surface for added in-flight stability. SWAGED LEAD CORE The swaging process allows precise formation of the core up and around the tip, with a cavity under the tip's stem. This allows the tip to build up energy before smashing into the core, causing dramatic fragmentation of the core and jacket. PRECISE BOATTAIL & FLATBASE DESIGNS Utilizing the proper base design provides incredible in-flight stability for long-range shooting.

Attributes

- Name: [V-MAX® 5.45MM \(0.2215"\) 60GR POLYMER TIP FLAT BASE 100/BOX](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749019079
- Mfr. No.: 2207
- Ballistic Coefficient (G1): 0.285
- Brand Style: V-Max
- Bullet Style: Flat Base (FB)
- Caliber: 5.45mm
- Diameter (in): 0.2215
- Grain: 60
- Sectional Density: 0.175
- Quantity: 100
- Delivery weight: 0.408kg
- Shipping height: 51mm
- Shipping width: 57mm
- Shipping length: 70mm
- UPC: 090255222074

Item details

Made in USA

US export classification: 0A505.x

Safety Instruction Guide for VMAX 5.45 Caliber (0.2215") Bullets

Introduction

Thank you for choosing the VMAX 5.45 Caliber (0.2215") Bullets. This guide provides important safety information, usage instructions, and disposal guidelines to ensure safe handling and use of this product. Please read this guide carefully and keep it for future reference.

General Safety Guidelines

- Ensure safe use of all nonfood products, including new technologies and online purchases.
- Be aware of risks that are not covered by other EU laws.
- If purchasing online, ensure that the platform complies with safety requirements.
- Extra safeguards are in place for vulnerable groups, including children.
- Always check for recall updates on the EU's Safety Gate platform.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always handle ammunition with care and respect.
- Store bullets in a cool, dry place away from direct sunlight.
- Keep ammunition out of reach of children and unauthorized individuals.
- Use only in firearms that are specifically designed for 5.45mm ammunition.
- Wear appropriate eye and ear protection when using firearms.
- Do not modify the bullets or attempt to disassemble them.
- Follow all local laws and regulations regarding the storage and use of ammunition.

Instructions for Installation and Usage

1. Check Compatibility

- Ensure your firearm is compatible with 5.45mm ammunition before use.

2. Loading the Firearm

- Open the action of your firearm and ensure it is unloaded.
- Load the bullets into the magazine or chamber per the manufacturer's instructions.

3. Firing the Bullets

- Ensure you are in a safe location to fire.
- Aim in a safe direction and ensure the area is clear of bystanders.
- Follow the specific operating instructions for your firearm.

4. PostUse Safety

- After use, clean your firearm according to the manufacturer's instructions.
- Store any remaining bullets in a secure location.

Disposal Instructions

- Do not dispose of bullets in regular household waste.

- Follow local regulations for the disposal of ammunition.
- Contact local authorities or a licensed disposal facility for safe disposal options.

Contact Information for Further Support

For any questions or concerns regarding the VMAX 5.45 Caliber (0.2215") Bullets, please refer to the manufacturer's website or customer service for assistance.

Thank you for your attention to these safety guidelines. Your safety is our priority.
