# TAPERED SIZING BUTTONS REDDING SIZING BUTTON416 CALIBER Safety Instructions

## Introduction

Thank you for choosing the Tapered Sizing Buttons Redding Sizing Button416 Caliber. These long tapered expanders are designed for expanding the necks of bottleneck cartridges to the desired size. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always handle the product with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for any signs of wear or damage before use.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about any product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Only use the tapered sizing buttons in Standard and Type "S" sizing dies.
- Do not attempt to use the product for purposes other than its intended use.
- Always wear appropriate safety gear, such as eye protection, when using the product.
- Ensure that the workspace is clean and free of obstructions before beginning any work.
- Avoid using excessive force when expanding the necks of cartridges to prevent injury or damage to the product.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that you have the appropriate Standard or Type "S" sizing die for use with the tapered sizing buttons.
- Gather all necessary tools and safety equipment before starting.

### 2. Installation:

- Remove the decap rod from the sizing die if it is present.
- Insert the tapered sizing button into the sizing die, ensuring it is securely in place.
- Tighten any locking mechanisms to prevent movement during use.

### 3. Usage:

- Place the cartridge neck into the sizing die with the tapered sizing button.
- Apply consistent pressure to expand the neck of the cartridge to the desired size.
- Avoid applying excessive force, as this can damage both the cartridge and the sizing button.

### 4. PostUse:

- Carefully remove the cartridge from the sizing die after use.
- Inspect the tapered sizing button for any signs of wear or damage.
- Clean the sizing die and tapered sizing button after each use to maintain optimal performance.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for hazardous waste if it becomes damaged or unusable.
- Ensure that any wornout or broken parts are safely discarded to prevent accidental injury.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the Tapered Sizing Buttons Redding Sizing Button416 Caliber, please refer to the manufacturer's contact information provided in the product packaging or on the official website. It is important to have access to support should you encounter any issues or have questions about the product's use and safety.

By following these safety instructions, you can ensure a safe and effective experience with your Tapered Sizing Buttons Redding Sizing Button416 Caliber. Thank you for prioritizing safety in your reloading practices.
