## ULTIMATE STAINLESS CASE TRIMMER WITH STAND

[Reloading](#) > [Case Preparation](#) > [Case Trimming](#) > [Case Trimmers](#)

The legendary L.E. Wilson Case Trimmer has just gotten better. Exclusive to Sinclair International, the L.E. Wilson Case Trimmer is now offered in a Stainless Steel model. We've paired the most accurate trimmer in the world with our Sinclair Micrometer head to create the Sinclair Stainless Ultimate Trimmer. The L.E. Wilson Case Trimmer aligns and holds your cases square to the cutter during the trim process. This results in a virtually identical trim length for each case. It is accomplished with L.E. Wilson's unique case holder system which holds the case by the body taper. The trimmer case holder, cutter housing, and micrometer adjustment unit sit in perfect alignment. No pilots or collets are utilized which could influence the trim results negatively. Now in stainless steel, the L.E. Wilson Trimmer is built to last for a lifetime of use. Our Sinclair Micrometer head allows the reloader to easily adjust trim length in increments of .001" with an adjustment length of over 2". Our micrometer reads in "actual" case length, making it the most pleasurable micro trimmer to work with. Determine your trim length, dial to the exact length on the micrometer, and you're ready - it's that simple. The micrometer features crisp, easy-to-read engravings and may be locked in place when set. Easily accommodates cases from 22 Hornet to 416 Rigby. When trimming cases shorter than 1.3" such as pistol cases, the use of a spacer (#749-002-094) is necessary. Completing the Sinclair Stainless Ultimate Trimmer is our Sinclair Mounting Stand with Shark Fin Clamp. This system makes easy work of installing and removing your trimmer case holder in a smooth "swing-arm" motion. The Shark Fin trimmer clamp secures the case head firmly against the micrometer adjustment head for a quick and accurate, chatter-free trim. \* Trimmer Case Holders and accessories sold separately.

# Safety Instruction Guide for the Sinclair International Ultimate Stainless Case Trimmer with Stand

## Introduction

Thank you for choosing the Sinclair International Ultimate Stainless Case Trimmer. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this manual carefully before using the trimmer to avoid accidents and ensure optimal performance.

## General Safety Guidelines

- Always follow the safety instructions provided in this guide.
- Ensure that the trimmer is used only for its intended purpose.
- Keep the trimmer out of reach of children and vulnerable individuals.
- Regularly inspect the trimmer for any signs of wear or damage before use.
- Do not use the trimmer if it is damaged or malfunctioning.
- Store the trimmer in a dry place and protect it from moisture.
- Use protective eyewear when operating the trimmer to safeguard against debris.
- Avoid wearing loose clothing or jewelry that may become entangled in the trimmer.

## Specific Safety Precautions for Use

- Ensure that the work area is clean and free from clutter to prevent accidents.
- Always secure the case holder before trimming to ensure stability.
- Do not attempt to trim cases that are excessively dirty or damaged.
- Keep hands and fingers clear of the cutting area during operation.
- Use the trimmer only on a stable surface to prevent tipping.
- Follow the manufacturer's instructions for adjusting the micrometer head correctly.
- Be cautious of sharp edges and cutting surfaces to avoid cuts or injuries.

## Instructions for Installation and Usage

### 1. Installation

- Unpack the trimmer and all its components from the packaging.
- Place the trimmer on a stable, flat surface.
- Attach the stand securely according to the manufacturer's instructions.
- Ensure that all components are properly aligned and tightened before use.

### 2. Using the Trimmer

- Adjust the micrometer head to the desired trim length.
- Insert the case into the case holder, ensuring it is seated securely.
- Align the case holder with the cutter.
- Firmly press down the handle to initiate the trimming process.
- After trimming, carefully remove the trimmed case from the holder.
- Clean the trimmer after each use to maintain its performance.

## Disposal Instructions

- Dispose of any packaging materials responsibly and in accordance with local regulations.
- When the trimmer reaches the end of its life, dispose of it in an environmentally friendly manner.
- Check local guidelines for recycling or disposal of metal and plastic components.

## Contact Information for Further Support

For any safety inquiries or support related to the Sinclair International Ultimate Stainless Case Trimmer, please contact your local distributor or visit the official Sinclair International website for more information.

## Conclusion

Following these safety guidelines will help ensure a safe and effective operation of your Sinclair International Ultimate Stainless Case Trimmer. Always prioritize safety and do not hesitate to seek assistance if needed. Thank you for your attention to these important instructions.
