# Sinclair Priming Tool Shell Holders Safety Instruction Guide

## Introduction

Thank you for choosing the Sinclair Priming Tool Shell Holders. These shell holders are specifically designed for use with your Sinclair Priming Tool, ensuring precision and durability. This guide provides important safety information and instructions to help you use the product safely and effectively.

## General Safety Guidelines

- Ensure that the Sinclair Priming Tool Shell Holders are used only with compatible cartridges as specified in the product description.
- Always inspect the shell holder for any signs of damage or wear before use. Do not use a damaged shell holder.
- Keep the shell holders out of reach of children and vulnerable individuals to prevent accidental injury.
- Follow all local laws and regulations regarding the handling and use of ammunition and reloading equipment.
- Report any unsafe products or accidents to the appropriate authorities and check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses, when using the priming tool and shell holders.
- Do not exceed the recommended cartridge specifications for the shell holder to avoid malfunctions.
- Avoid using excessive force when inserting or removing shell holders from the priming tool.
- Ensure that the work area is clean and free of obstructions to prevent accidents.
- Do not use the shell holders for any purpose other than intended.

## Instructions for Installation and Usage

### 1. Installation of Shell Holder:

- Ensure the Sinclair Priming Tool is in a safe and stable position.
- Select the appropriate shell holder for your cartridge (e.g., 6.5 x 55 mm Swedish Mauser, 3030 Winchester).
- Align the shell holder with the tool and gently press it into place until it is securely seated.

### 2. Usage of Priming Tool:

- Load the cartridge into the shell holder, ensuring it is properly seated.
- Follow the manufacturer's instructions for operating the Sinclair Priming Tool.
- Monitor the priming process closely to ensure safe and proper functioning.

### 3. Removal of Shell Holder:

- After use, carefully remove the shell holder from the priming tool.
- Store the shell holder in a safe location, preferably in its original packaging, to prevent damage.

## Disposal Instructions

- Dispose of any damaged or worn shell holders in accordance with local regulations.
- Do not dispose of shell holders in regular household waste. Check for recycling options or designated disposal facilities for metal products.

## Contact Information for Further Support

For any questions or concerns regarding the Sinclair Priming Tool Shell Holders, please contact your local distributor or the manufacturer directly. Ensure that you have the model number and purchase details available for assistance.

By following these guidelines and instructions, you can ensure a safe and effective experience with your Sinclair Priming Tool Shell Holders. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
