# Sinclair Priming Tool Shell Holders Safety Instruction Guide

## Introduction

Thank you for choosing the Sinclair Priming Tool Shell Holders. These shell holders are designed to provide a precise fit for your Sinclair Priming Tool, ensuring a reliable and efficient priming process. This guide provides essential safety instructions to help you use the product safely and effectively.

## General Safety Guidelines

- Always read and understand the safety instructions before using the product.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the shell holders for any signs of wear or damage before use.
- If you notice any defects or issues, discontinue use immediately and consult a professional.

## Specific Safety Precautions for Use

- Use only the recommended cartridges: 218 Bee, 2520 Winchester, and 3220 Winchester.
- Ensure that the shell holder is securely attached to the priming tool before use.
- Do not force the shell holder onto the priming tool; it should fit snugly without excessive pressure.
- Avoid using the shell holder in wet or damp conditions to prevent rust or corrosion.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when using the priming tool.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the priming tool is clean and free from debris.
- Align the shell holder with the priming tool's holder socket.
- Gently press the shell holder into the socket until it is securely in place.
- Verify that the model number on the shell holder matches the specifications of your priming tool.

### 2. Usage

- Place the cartridge into the shell holder.
- Operate the priming tool according to the manufacturer's instructions.
- After use, remove the shell holder from the priming tool by pulling it straight out without twisting.
- Clean the shell holder after each use to maintain its precision and longevity.

## Disposal Instructions

- Dispose of the shell holder responsibly. Follow local regulations regarding metal recycling.
- Do not dispose of the product in regular household waste. Check for designated recycling points in your area.

## Contact Information for Further Support

For any inquiries or concerns regarding the safety and usage of the Sinclair Priming Tool Shell Holders, please refer to the contact details provided on the packaging or visit the manufacturer's website.

## Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your Sinclair Priming Tool Shell Holders. Always prioritize safety and stay informed about best practices for using this product. Thank you for your attention to these guidelines.
