# Safety Instruction Guide for Sinclair Priming Tool Shell Holders

## Introduction

Thank you for choosing the Sinclair Priming Tool Shell Holders. This guide provides essential safety instructions and usage guidelines to ensure the safe and effective operation of your product. Please read this document carefully before using the shell holders.

## General Safety Guidelines

- Ensure that the Sinclair Priming Tool Shell Holders are used only with compatible cartridges as specified in the product details.
- Always inspect the shell holders for any signs of damage or wear before use. Do not use damaged shell holders.
- Store the shell holders in a dry and secure place, away from children and pets.
- Follow all local laws and regulations regarding the use of reloading equipment and ammunition.
- Use the shell holders in a wellventilated area to avoid inhalation of any dust or particles generated during use.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Keep your work area clean and organized to prevent accidents and ensure safe operation.
- Do not exceed the recommended cartridge specifications for the shell holders.
- Avoid distractions while using the shell holders to maintain focus and prevent accidents.
- Be cautious of sharp edges when handling the shell holders, as they may cause injury.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the Sinclair Priming Tool is turned off and unplugged before installing the shell holder.
- Select the appropriate shell holder for your cartridge (e.g., #7 for 30 M1 Carbine).
- Align the shell holder with the tool's mounting point and press it firmly into place until it is secure.
- Verify that the shell holder is properly seated before proceeding.

### 2. Usage:

- Load the cartridge into the shell holder, ensuring it is correctly positioned.
- Follow the manufacturer's instructions for using the Sinclair Priming Tool with the shell holder.
- Monitor the priming process closely to ensure proper operation.
- If you encounter any issues, cease operation immediately and inspect the components.

## Disposal Instructions

- Dispose of any unused or damaged shell holders in accordance with local regulations.
- Do not throw shell holders in regular household waste. Check with local waste management for proper disposal methods.

## **Contact Information for Further Support**

For questions or concerns regarding the Sinclair Priming Tool Shell Holders, please refer to the manufacturer's website or contact their customer support for assistance.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your Sinclair Priming Tool Shell Holders. Thank you for your attention to these important safety measures.
