# Sinclair Priming Tool Shell Holders Safety Instruction Guide

## Introduction

Thank you for choosing the Sinclair Priming Tool Shell Holder #14 for your reloading needs. This guide provides essential safety instructions and usage guidelines to ensure your experience with the product is safe and effective. Please read this manual carefully before using the product.

## General Safety Guidelines

- Always handle all reloading equipment with care and respect.
- Ensure that the Sinclair Priming Tool Shell Holder is compatible with your specific Sinclair Priming Tool model.
- Store the shell holder in a safe, dry place away from children and pets.
- Regularly inspect the shell holder for any signs of wear or damage before use.
- Follow all local and national laws regarding ammunition reloading and usage.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Only use the Sinclair Priming Tool Shell Holder with the specified cartridges (4440 Winchester, 3840 Winchester).
- Do not attempt to modify or alter the shell holder in any way.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, while reloading.
- Ensure your workspace is clean and free from distractions while using the shell holder.
- Never exceed the recommended load limits for your reloading equipment and components.
- Keep all reloading materials, including primers and powders, out of reach of children.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the Sinclair Priming Tool is turned off and unplugged (if applicable).
- Locate the shell holder slot on the Sinclair Priming Tool.
- Align the Sinclair Priming Tool Shell Holder #14 with the slot and gently press it into place until it is securely fitted.
- Confirm that the model number is correctly stamped on the top of the shell holder.

### 2. Usage:

- Prepare your reloading workspace by gathering all necessary materials and tools.
- Follow the manufacturer's instructions for loading primers into the shell holder.
- Once loaded, insert the shell holder into the Sinclair Priming Tool.
- Carefully operate the priming tool according to its instructions, ensuring that you maintain control and focus throughout the process.
- After use, remove the shell holder from the Sinclair Priming Tool and store it safely.

## Disposal Instructions

- Dispose of any damaged or worn shell holders in accordance with local waste disposal regulations.
- Do not dispose of reloading components, such as primers or powder, in regular household trash. Follow specific hazardous waste disposal guidelines for these materials.

- Consider recycling where possible, following local recycling guidelines.

## **Contact Information for Further Support**

For any questions or concerns regarding the Sinclair Priming Tool Shell Holder, please consult the manufacturer's customer service or visit the official website for additional resources and support.

By following these guidelines, you can ensure a safe and effective reloading experience with your Sinclair Priming Tool Shell Holder. Always prioritize safety and compliance with local laws and regulations. Thank you for your attention to these important safety instructions.
