

# CONTOUR #2 - SHILEN 25 CALIBER 1-10 TWIST #2 CHROME MOLY BARREL

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrel Blanks](#)

## Contour #2 in Chrome Moly or Stainless Steel

All the loving care of the best stockmaker and the meticulous attention to detail of the master machinist will not make a gun shoot any straighter than the accuracy capability of the barrel used. And, it is the insides of a barrel, that very small and vital area of lands and grooves over which the gunsmith has no control, that can determine whether the finished work of art is for shooting - or "just for looks". Craftsmanship . . . not price . . . determines the quality of a barrel. But, by the same token, the customer willing to spend the money for a custom gun is shortsighted indeed, if he starts economizing and orders "just any old barrel so long as it's cheap". Furthermore, he is jeopardizing your reputation as a gun builder by making such a request. We, as your supplier, are laying our reputation (and yours, too!) on the line by offering you barrel blanks. They have got to be good or we are in trouble! Big trouble!! We must never sell you anything but that which will enlarge your stature with your trade. And, we feel that the Brownell Barrel, made for us by Ed Shilen, will do just that! Shilen barrels, either chrome moly or Stainless, are rifled with six lands and grooves by the "Cold Forming" process using carbide dies made in Shilen's own plant under the most rigid controls. This rifling method achieves extremely close inside uniformity from breech to muzzle. Finished barrels are air-gauge inspected (air-gauged sensitivity is .00005" - five-one-hundred-thousandths!) and 6X borescope inspected. All barrels, .22 through .30 caliber have groove tolerances within .0005" and uniformity within .0003". No straightening is done, and all barrels are completely stress-relieved. All stainless steel barrels are hand lapped at the factory. Only those barrels passing all spec tests are offered to the trade. Any barrel even slightly "suspect" is started through the production process again and bored to a large caliber. In no other way can quality and reputation be maintained. Slightly more expensive to produce - but vastly greater in quality and ultimate performance.

## Attributes

- Name: [SHILEN 25 CALIBER 1-10 TWIST #2 CHROME MOLY BARREL](#)
- Manufacturer: [SHILEN](#)
- Product no.: 787257102
- Mfr. No.: 257102CM
- Caliber: 25 Caliber (.257)
- Contour: #2
- Material: Chrome Moly Steel
- Style: Match-Grade
- Twist: 1-10
- Delivery weight: 1.361kg
- Shipping height: 28mm
- Shipping width: 36mm
- Shipping length: 660mm

## Item details

Made in USA

US export classification: 0A501.c

# Safety Instruction Guide for CONTOUR #2 SHILEN 25 CALIBER 110 TWIST #2 CHROME MOLY BARREL

## Introduction

Thank you for choosing the CONTOUR #2 SHILEN 25 CALIBER 110 TWIST #2 CHROME MOLY BARREL. This guide provides essential safety instructions to ensure the safe use of your product. It is crucial to follow these guidelines to minimize risks and ensure optimal performance.

## General Safety Guidelines

- Ensure that all handling of the barrel is done in a safe environment, free from distractions.
- Always wear appropriate personal protective equipment (PPE) when working with firearms, including safety glasses and gloves.
- Keep the barrel and all firearm components out of reach of children and unauthorized individuals.
- Regularly inspect the barrel for any signs of damage or wear before use.
- Familiarize yourself with local laws and regulations regarding the use and storage of firearms and firearm components.

## Specific Safety Precautions for Use

- **Potential Hazards:**

- Improper installation may lead to malfunction or injury.
- Use of incompatible components can result in unsafe firing conditions.

- **Avoiding Hazards:**

- Always ensure the barrel is compatible with your firearm model.
- Do not attempt to modify or alter the barrel in any way.
- Do not use ammunition that exceeds the specifications for the barrel.
- Always verify that the firearm is unloaded before handling or installing the barrel.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure you have the right tools for installation, including a torque wrench.
- Follow the manufacturer's instructions for attaching the barrel to your firearm.
- Tighten all connections securely but avoid overtightening, which can damage components.
- After installation, check for proper alignment and functionality before use.

### 2. Usage:

- Always follow safe shooting practices, including pointing the firearm in a safe direction.
- Maintain control of the firearm at all times and be aware of your surroundings.
- After each use, clean the barrel according to the manufacturer's recommendations to ensure longevity and performance.

## Disposal Instructions

- Dispose of the barrel in accordance with local regulations regarding firearm components.

- If the barrel is damaged or no longer usable, consider contacting a professional for proper disposal methods.
- Do not discard in regular household waste; ensure it is disposed of in a manner that prevents unauthorized access.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to the contact details provided by your supplier. They will assist you with any questions or concerns related to the CONTOUR #2 SHILEN 25 CALIBER 110 TWIST #2 CHROME MOLY BARREL.

By adhering to these safety instructions, you can ensure a safe and enjoyable experience with your new barrel. Always prioritize safety and take the necessary precautions to protect yourself and others. Thank you for your attention to these important guidelines.
