

SLIMLINE SIDESADDLE SHELLHOLDER - TACSTAR REMINGTON 870, 1100, 1187 SHELLHOLDER

[Shooting Accessories](#) > [Speedloaders & Accessories](#) > [Shotgun Shell Holders](#)

One of the problems with a defensive shotgun has always been its limited capacity. Luckily, a solution is available with the new Lyman Slimline Sidesaddle Shellholder, designed to hold six extra shells in a sleek, contoured design. The Lyman Slimline Sidesaddle Shellholder is constructed using a backing plate made from anodized aluminum that mounts a shotgun-shell saddle made of rubberized polymer to the side of the receiver. Fits Mossberg 500 shotguns Mounting plate is contoured to minimize receiver footprint Fits 12-gauge shells only The construction of the Lyman Slimline Sidesaddle Shellholder is designed to provide tough resistance to wear and weather conditions, ensuring a long service life.

Safety Instruction Guide for SLIMLINE SIDESADDLE SHELLHOLDER TACSTAR REMINGTON 870, 1100, 1187

Introduction

Thank you for choosing the Lyman Slimline Sidesaddle Shellholder. This guide provides important safety information and instructions to ensure the proper use and maintenance of your product. Please read this guide carefully before use to ensure safety and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used only as intended and in accordance with the instructions provided.
- Regularly inspect the shellholder for any signs of damage or wear. If any damage is found, discontinue use immediately.
- Keep the product out of reach of children and vulnerable individuals.
- Store the shellholder in a cool, dry place away from direct sunlight and extreme temperatures.
- Always handle ammunition safely and responsibly, following all safety guidelines for firearms and ammunition handling.

Specific Safety Precautions for Use

- The Lyman Slimline Sidesaddle Shellholder is designed to hold 12gauge shells only. Do not attempt to use shells of any other caliber.
- Ensure that the shellholder is securely mounted to the shotgun receiver. A loose shellholder can lead to ammunition loss or malfunction.
- Avoid overloading the shellholder. It is designed to hold a maximum of six shells.
- Be cautious when handling the shotgun with the shellholder attached. Ensure that the shotgun is unloaded when not in use.
- Always follow the manufacturer's instructions for the safe operation of your shotgun.

Instructions for Installation and Usage

1. Installation:

- Ensure the shotgun is unloaded and pointed in a safe direction.
- Clean the area on the shotgun receiver where the shellholder will be mounted.
- Align the mounting plate of the shellholder with the receiver.
- Securely attach the shellholder using the provided hardware, ensuring it is firmly in place.

2. Usage:

- Load the shellholder with up to six 12gauge shells, ensuring they are properly seated.
- To remove a shell, gently pull it out from the shellholder without applying excessive force.
- Regularly check the shellholder while in use to ensure that shells remain secure.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic and plastic waste.
- Do not dispose of the product in regular household waste. Look for recycling facilities that accept such materials.
- If the product is damaged beyond repair, ensure that it is rendered unusable before disposal.

Contact Information for Further Support

For questions or concerns regarding the safety and use of the Lyman Slimline Sidesaddle Shellholder, please refer to the manufacturer's website or customer service for assistance.

By following these guidelines, you can ensure the safe operation and longevity of your Lyman Slimline Sidesaddle Shellholder. Always prioritize safety when handling firearms and ammunition. Thank you for your attention to these important safety instructions.
