

SANDING BELTS - VSM ABRASIVES CORPORATION 400 GRIT 2" (5.0CM) X 25 1/2" (64.8CM)

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Abrasives](#) > [Sanding Belts](#)

To Fit Raytech Expanding Sanding Drums

About "Compact Grain" Belts - Aluminum Oxide Belts in super-fine grit (like 600) are only available in what the maker calls "Compact Grain". This process layers grit in a special adhesive and greatly increases belt life. Compact grain belts are easily identified; they are ugly! The 600 grit belt shown looks like it should be a 60 grit but IT ISN'T. It really will give a 600 grit finish and will last extremely well. Resin bonded, aluminum oxide. Sold singly.

Attributes

- Name: [VSM ABRASIVES CORPORATION 400 GRIT 2" \(5.0CM\) X 25 1/2" \(64.8CM\)](#)
- Manufacturer: [VSM ABRASIVES CORPORATION](#)
- Product no.: 925225400
- Mfr. No.:
- Grit: 400
- Size: 2 x 25 1/2
- Delivery weight: 0.018kg
- Shipping height: 51mm
- Shipping width: 114mm
- Shipping length: 267mm

Safety Instruction Guide for VSM Abrasives Corporation Sanding Belts

Introduction

Thank you for choosing the VSM Abrasives Corporation Sanding Belts. This guide provides important safety instructions to ensure the safe use of this product. Please read this guide carefully before using the sanding belts.

General Safety Guidelines

- Ensure that the sanding belts are used only for their intended purpose.
- Always follow the manufacturer's instructions for use and maintenance.
- Keep the sanding belts out of reach of children and vulnerable individuals.
- Regularly check for wear and damage before each use.
- If you notice any defects, do not use the sanding belts and dispose of them properly.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) when using sanding belts, including:
 - Safety goggles to protect your eyes from dust and debris.
 - Dust mask or respirator to avoid inhaling fine particles.
 - Hearing protection if using power tools that generate significant noise.
 - Gloves to protect your hands from abrasions.
- Ensure that the work area is wellventilated to minimize dust accumulation.
- Avoid using sanding belts on wet or damp surfaces to prevent slipping and electrical hazards.
- Do not exceed the maximum recommended speed for the sanding belts.
- Use the correct grit for your specific sanding needs to achieve the desired finish without damaging the material.

Instructions for Installation and Usage

- Before installation, ensure that the sanding belt is compatible with your sanding machine.
- Follow these steps for safe installation:
 1. Disconnect the power supply to the sanding machine.
 2. Remove the old sanding belt, if applicable.
 3. Align the new sanding belt with the rollers, ensuring it fits snugly.
 4. Secure the sanding belt according to the manufacturer's instructions.
 5. Reconnect the power supply to the sanding machine.
- When using the sanding belt:
 - Hold the workpiece firmly and ensure it is stable.
 - Start the sanding machine at a low speed to check for proper operation.
 - Gradually increase the speed as necessary while maintaining control of the workpiece.
 - Move the workpiece steadily against the sanding belt to achieve an even finish.
- After use, turn off the sanding machine and allow it to come to a complete stop before removing the workpiece.

Disposal Instructions

- Dispose of used sanding belts in accordance with local regulations.
- Do not dispose of sanding belts in regular household waste if they contain hazardous materials.
- Consider recycling options for sanding belts if available in your area.

Contact Information for Further Support

For any safety inquiries or additional information regarding the VSM Abrasives Corporation Sanding Belts, please refer to the manufacturer's contact details provided on the product packaging or official website.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of VSM Abrasives Corporation Sanding Belts. Always prioritize safety and report any unsafe products or incidents to the relevant authorities. Thank you for your attention and safe sanding!
