A hard anodized CNC-machined billet receiver is the foundation of this lightweight setup. The complete barreled receiver weighs under 16oz! The receiver and barrel shroud are precision-machined as one piece from aluminum alloy. An integral Picatinny rail is machined into the top of the receiver. It is then fitted with either a 4.5" precision stainless steel barrel that has been machine-honed and lapped. The barrel has been contoured to reduce weight without sacrificing accuracy. The LLV Competition Upper features a stainless steel breech face designed to withstand years of use both in practice and on the range! The standard configuration on the LLV comes with 1/2X28 muzzle threads with thread protector. Fits Ruger® MK II™, MK III™ and 22/45™.
