

# 35MM MOUNTAIN TECH RINGS - WARNE MFG. COMPANY 35MM HIGH (1.24") RINGS, BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

## Designed to Save Weight

Building a backcountry rifle that's easily packable requires examining every aspect of the gun to shave off ounces, and the Warne 35mm Mountain Tech Rings are one solid product designed to help hunters lighten their field rig. The Warne 35mm Mountain Tech Rings are precision-machined to exact tolerances at the company's factory and are made from 7075-T6 aluminum, which is designed to both save weight while providing enhanced strength. Each ring is finished with a hard coat-anodized treatment that helps it withstand the scratches, knocks and corrosion encountered in the woods. Matte-black Finish Fits 35mm scope tubes Each ring comes with stainless-steel mounting hardware and fits both Picatinny and Weaver-style rails.

# Safety Instruction Guide for Warne 35MM Mountain Tech Rings

## Introduction

Thank you for choosing the Warne 35MM Mountain Tech Rings. These rings are designed to provide a secure and reliable mounting solution for your scope. This guide contains important safety instructions to ensure safe usage, installation, and disposal of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always inspect the rings for any visible damage or defects before use.
- Ensure that the mounting hardware is complete and undamaged.
- Use the product as intended, following all installation and usage instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe product conditions or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not exceed the recommended weight limit for your scope.
- Ensure that the rings are securely fastened to prevent any movement during use.
- Avoid using the rings in extreme temperatures or conditions that may affect their performance.
- Regularly check the tightness of the mounting hardware, especially after heavy use.
- If any part of the rings becomes damaged, discontinue use immediately and contact customer support.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure the firearm is unloaded and pointed in a safe direction during installation.

### 2. Installation Steps

- Place the scope in the rings and align it to your desired position.
- Secure the rings onto the Picatinny or Weaverstyle rail using the provided stainlesssteel mounting hardware.
- Tighten the screws to the manufacturer's recommended torque specifications to ensure a secure fit.
- Verify that the scope is level and properly aligned before securing all screws completely.

### 3. Usage Tips

- Regularly inspect the rings and scope for any signs of wear or loosening.
- Avoid dropping or impacting the firearm as this can affect the integrity of the rings.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling the aluminum material if possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the Warne 35MM Mountain Tech Rings, please refer to the manufacturer's contact details included in the product packaging or on the official website.
