Weatherby Mark V Standard 6 Lug Mountain Tech Tactical Rail Safety Instruction Guide

Introduction

Thank you for choosing the Weatherby Mark V Standard 6 Lug Mountain Tech Tactical Rail. This product is designed for precision and reliability in the field. To ensure your safety and the effective use of this product, please read and follow the safety instructions and guidelines provided in this document.

General Safety Guidelines

- Always handle your rifle and accessories with care and respect.
- Ensure that all components are compatible and securely attached before use.
- Regularly inspect your equipment for wear and damage.
- Store your rifle and accessories in a safe and secure location, away from children and unauthorized users.
- Be aware of your surroundings and follow local laws and regulations regarding hunting and firearm use.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the scope mounts are properly installed to avoid misalignment during use.
- Avoid overtightening screws and fasteners, as this may damage the rail or scope.
- Only use the product as intended; do not modify or alter it in any way.
- Be cautious when using the product in adverse weather conditions, as this may affect performance.
- Always wear appropriate eye and ear protection when using firearms.

Instructions for Installation and Usage

1. Installation of the Tactical Rail:

- Ensure the rifle is unloaded and pointed in a safe direction.
- Clean the mounting surface on the rifle to remove any debris or oil.
- Align the rail with the mounting holes on the rifle.
- Insert screws through the rail into the mounting holes and handtighten.
- Use a torque wrench to tighten screws to the manufacturer's recommended specifications, ensuring not to exceed the torque limit.

2. Mounting the Scope:

- Select the appropriate rings for your scope and rail.
- Place the scope in the rings and adjust its position for optimal eye relief.
- Tighten the ring screws evenly to secure the scope in place, ensuring it is level.

3. Final Checks:

- Doublecheck all screws and fasteners for tightness.
- Perform a functional check of the scope and rail alignment before heading out for a hunt.

Disposal Instructions

- Dispose of packaging materials in an environmentally friendly manner.
- If the product is no longer usable, follow local regulations for disposing of metal and plastic components.
- Do not dispose of the product in regular household waste.
