

BATTLESIGHTS FOR SIG SAUER™ - WILSON COMBAT BATTLESIGHT FOR SIG, WIDE U-NOTCH, SERRATED

[Handgun Parts](#) > [Sights](#) > [Rear Sights](#)

The high profile Wilson Combat SIG Battlesight rear has a .145" wide, deep U-Notch for optimum sighting in low-light, dynamic range conditions and is a perfect match to our .125" wide front sights. The concave non-reflective rear blade is serrated 40 lines per inch, while the notch area is recessed into a semi-circular pocket for a crisp, protected sight picture. A hardened set-screw ensure this sight will never shoot loose under the most demanding conditions. This snag-free rear sight also has a shelf shape that enables one-hand slide cycling or malfunction clearance and a rugged, non-reflective matte black parkerized finish. The Wilson Combat SIG Battlesight is available with single dot Tritium and plain black serrated rear blades and your choice of black serrated, green/red fiber optic, tritium and genuine, never dulling gold bead front sight styles. NOTE: The Wilson Combat SIG Battlesight rear is compatible with the following Sig Sauer® models chambered in 9mm or .357 SIG: P225, P226, P228, P239, P320.

Safety Instruction Guide for Wilson Combat Battlesight for SIG Sauer

Introduction

Thank you for choosing the Wilson Combat Battlesight for SIG Sauer. This guide provides essential safety instructions, usage guidelines, and contact information for support. Please read this document carefully to ensure safe and effective use of your product.

General Safety Guidelines

- Ensure safe use of the Battlesight by following all instructions provided in this guide.
- Be aware of potential risks associated with firearm accessories, including improper installation and use.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Regularly inspect the Battlesight for any signs of wear or damage before use.
- Keep the Battlesight and all firearm accessories out of reach of children and unauthorized users.

Specific Safety Precautions for Use

- Always ensure that your firearm is unloaded before installing or adjusting the Battlesight.
- Do not attempt to modify the Battlesight in any way, as this may compromise its safety and functionality.
- Use the Battlesight only with compatible SIG Sauer models: P225, P226, P228, P239, and P320, chambered in 9mm or .357 SIG.
- If you experience any issues with the Battlesight, such as looseness or misalignment, cease use immediately and consult a qualified gunsmith.
- Exercise caution when using the Battlesight in lowlight conditions; ensure proper sight alignment and target identification.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing rear sight from your SIG Sauer firearm using appropriate tools.
- Position the Wilson Combat Battlesight onto the rear sight dovetail.
- Secure the Battlesight in place using the provided hardened setscrew.
- Check that the Battlesight is firmly attached and does not move when gently pulled.

2. Usage:

- Align the Battlesight with the front sight for proper aiming.
- Use the deep UNotch for optimum sighting in various lighting conditions.
- Practice regularly to become familiar with the sight picture and adjust your shooting technique as needed.

Disposal Instructions

- Dispose of the Battlesight in accordance with local regulations regarding electronic waste and firearm accessories.
- If the Battlesight is damaged or no longer usable, consider recycling options or consult a local waste management authority for proper disposal methods.

Contact Information for Further Support

For safety inquiries, product support, or to report any unsafe products, please contact your local EUbased safety authority or visit the EU Safety Gate platform for updates on recalls and safety alerts.

By following these guidelines, you can ensure safe and effective use of the Wilson Combat Battlesight for SIG Sauer. Always prioritize safety and responsible handling of firearms and their accessories.
